Revelation Allen Daves,2013-12 The book of Revelation offers us an interesting theological dilemma It states Rev 22 16 I Jesus have sent mine angel to testify unto you these things in the churches Revelation also states it is the true sayings of Jesus and that it is the testimony of Christ If this is not the gospel of Jesus Christ then what is it and should we consider it accursed testimony of an angel If it is not to be considered accursed then it cannot be some other gospel message then what was already given previously However this is the conundrum for if this is the gospel message then why do so few understand it There is a possibility which few consider but is the overall thesis of this apology The reason people don t understand revelation is because they never understood what the gospel message was in the first place In that case where does that put those who claim it is not essential for salvation Do you not find it quite curious that the most Personally given NT book By Jesus himself is the least understood and given the least importance for Salvation in Christendom There are numerous preachers and bible exegetes but as Paul said I bear them record that they have a zeal of God but not according to knowledge Most who profess the name of Christ are feeding on doctrines of devils and the ignorant There are without question many qualified teachers and scholars with many years of dedication and solid education However teachers no matter how well lettered or numbered in degrees if obtained from others who are just as equally ignorant in such matters are just blind leaders of the blind And if the blind lead the blind both shall fall into the ditch

Ancient Jewish Prayers and Emotions Stefan C. Reif,Renate Egger-Wenzel,2015-11-13 Given the recent interest in the emotions presupposed in early religious literature it has been thought useful to examine in this volume how the Jews and early Christians expressed their feelings within the prayers recorded in some of their literature Specialists in their fields from academic institutions around the world have analysed important texts relating to this overall theme and to what is revealed with regard to such diverse topics as relations with God exegesis education prophecy linguistic expression feminism happiness grief cult suicide non Jews Hellenism Qumran and Jerusalem The texts discussed are in Greek Hebrew and Aramaic and are important for a scientific understanding of how Rabbinic Judaism and Early Christianity developed their approaches to worship to the construction of their theology and to the feelings that lay behind their religious ideas and practices The articles contribute significantly to an historical understanding of how Jews maintained their earlier traditions but also came to terms with the ideology of the dominant Hellenistic culture that surrounded them **New York Magazine**
