

Purdue OWL

Essay Formatting: APA, Chicago, MLA

General APA Guidelines

- Your essay should be typed, double-spaced with 1" margins on 8.5" x 11" paper. The preferred typeface is Times New Roman, with a 12-point font size.
- Include a **page header** at the top of every page.
- Leave two spaces after periods.
- Your essay should include four major sections: Title Page, Abstract, Main Body, and References.

Title Page

- To create the **page header** for the title page (see example below):
 - insert page number top right of header.
 - insert the phrase "Running head:" followed by a shortened version of your title in the top left of the header. The shortened version of your paper's title should be written in capital letters and contain no more than 50 characters, including spacing and punctuation. (Note that the phrase "Running head:" only appears on the title page. The shortened title appears without this phrase on all subsequent pages.)
- The title page should contain the **full title** of the paper, the **author's name**, and the **institutional affiliation**.
- Centre and type your **full title** in upper and lowercase letters in the upper half of the page. Your title should not exceed 12 words and should not contain abbreviations; it may take up one or two lines. Remember to double-space all text.
- Below the title, centre and type your full name and that of any co-authors.
- Below the author's name, type the **institutional affiliation** to indicate the location where the author(s) conducted the research (e.g., York University).

Abstract (may not be required for all assignments)

- Place the abstract on a separate page, with the header as described above and numbered as page 2. On the first line of the abstract page, center the word "Abstract" (do not use bold, formatting, italics, underlining, or quotation marks).
- Beginning on the next line, summarize the key points of your research (research topic, research questions, participants, methods, results, data analysis, and conclusions). Your abstract should be a single paragraph (do not indent), and between 150 and 250 words.
- You may list keywords that identify the most important concepts of your paper. Indent and type *Keywords:* (italicized), and then list your keywords.
