Pressure Canning Cookbook Jennifer Gomes, 2024-04-02 A celebration of pressure canning In *The Pressure Canning Cookbook* passionate Master Food Preserver Jennifer Gomes packs healthy yummy and inspiring canning recipes that both kids and adults will love Learn how to can pantry basics like common veggies and ground meat as well as a tasty variety of soups stews and the nutritional powerhouse bone broth with instructions for how to customize it This guide shares practical tips for how to avoid common pressure canning pitfalls and explains the why behind safe canning recommendations Beyond the basics though *The Pressure Canning Cookbook* includes exotic recipes like Mexican bean and bone soup and vinha d ahlos a tangy Portuguese dish Jenny teaches new and experienced canners alike how to choose the pressure canner that s right for them break the canning process into short economical chunks of time and save money while canning Take the guesswork out of this proven time tested food preservation technique with *The Pressure Canning Cookbook* *Step-by-step guide to preserving vegetables Fermenting, pickling, canning, dehydrating and freezing your favorite products* , 2024-04-02 How to Use this Book This book is based on my desire to preserve vegetables in ways that my family will eat and do that as efficiently as possible When possible I preserve vegetables in a meal ready way Instead of canning a bunch of carrot slices in quart 1 L sized jars when I bring in a large carrot harvest I ll make a batch of Canned Spice Carrot Soup and a couple of jars of Fermented Mexican Carrots Then I ll use the tops to make Frozen Carrot Top Pesto for the freezer The carrot soup is the only time consuming item the other two can be put together while the soup is processing The first part of this book is an

overview of food preservation methods canning both water bath and pressure canning dehydrating fermenting and freezing You ll find the basics of how to use these methods to safely preserve vegetables but you won t find details for every scenario that could happen while preserving vegetables I ve written these chapters with enough information to get you started preserving the harvest but not so much information that it leads to confusion and information overload The rest of this book is focused on growing and preserving the most popular vegetables and herbs that are grown in the home garden Each vegetable has its own chapter and in that chapter you ll find instructions on how to grow purchase can dehydrate ferment and freeze that vegetable You will also find recipes that highlight the vegetable most of these recipes are for preserving the vegetable but some recipes use the preserved vegetable Most of the recipes are written so that you ll preserve small batches at a time simply because I find that adjusting recipes to scale up is easier than scaling down If your family likes a recipe or if you have enough of one vegetable to make two batches of a recipe just double the ingredients and it will work out fine The exception to this is any of the jam or jelly recipes don t ever double a jam or jelly recipe or you run the risk of it not setting up I hope you read through the whole book to get a vision for how these different preservation methods can work together to stock your pantry with food your family will eat Then when a vegetable is in season I hope you reread that vegetable s chapter and make a plan for preserving all of the harvest in a variety of ways Of course I hope that some of our favorite preservation recipes become your family favorites too
