Rose Arny,2001-08 **Purpose and Cognition** David W. Carroll,2017-04-27 This book discusses the development of Edward Tolman's purposive behaviourism from the 1920s to the 1950s highlighting the tension between his references to cognitive processes and the dominant behaviourist trends It shows how Tolman incorporated concepts from European scholars including Egon Brunswik and the Gestalt psychologists to justify a more purposive form of behaviourism and how the theory evolved in response to the criticisms of his contemporaries The manuscript also discusses Tolman's political activities culminating in his role in the California loyalty oath controversy in the 1950s Tolman was involved in a number of progressive causes during his lifetime activities that drew the attention of both state legislators in California and the Federal Bureau of Investigation It treats Tolman's theoretical and political activities as emanating from the same source a desire to understand the learning process in a scientific manner and to apply these concepts to improve the human condition

Metaphors of Mind in Fiction and Psychology Michael S. Kearns,2021-10-21 Curiosity about the human mind what it is and how it functions began long before modern psychology But because the mind and its processes are so elusive they could be described only by means of metaphor Michael Kearns in this prize winning study examines the development of metaphors of the mind in psychological writings from Hobbes through William James and in fiction from Defoe through Henry James Throughout the eighteenth century and even into the early nineteenth metaphors of the mind as a relatively simple entity either mechanical or biological dominated both those engaged in psychological theorizing and novelists ranging from Richardson and Smollett through Dickens and the Brontes In the nineteenth century such psychologists as Herbert Spencer and Alexander Bain conceived of the mind as a complex organism quite different from that embodied in earlier thinking but their figurative language did not keep pace The result was a tension between theoretical expression and actual discussion of mental phenomena **Medical and Health Care Books and Serials in Print** ,1986 *Bibliographic Index* ,2001 **The**

Developing Person Through Childhood, Fifth Edition Kathleen Stassen Berger,2002-10-15 New edition of Berger's acclaimed bestselling text for chronologically organized courses focus strictly on the childhood years *Book Review Index* ,2004 Every 3rd issue is a quarterly cumulation *Cognition and Instruction* David Klahr,2014-01-14 First published in 1987 The author argues that information processing psychology has come to dominate the experimental study of complex human behaviour Such rapid success suggests that the approach will have as much of an impact on psychology in the field as it has had on psychology in the laboratory The chapters in this volume indicate the extent to which this potential has already begun

to be realized The book is divided into four parts The first three parts include sets of research contributions followed by discussions and the fourth part contains three chapters that offer critiques syntheses and evaluations of various aspects of the preceding papers

The Science of Screenwriting Paul Joseph Gulino, Connie Shears, 2018-02-08 In a world awash in screenwriting books *The Science of Screenwriting* provides an alternative approach that will help the aspiring screenwriter navigate this mass of often contradictory advice exploring the science behind storytelling strategies Paul Gulino author of the best selling *Screenwriting The Sequence Approach* and Connie Shears a noted cognitive psychologist build chapter by chapter an understanding of the human perceptual cognitive processes from the functions of our eyes and ears bringing real world information into our brains to the intricate networks within our brains connecting our decisions and emotions They draw on a variety of examples from film and television *The Social Network* *Silver Linings Playbook* and *Breaking Bad* to show how the human perceptual process is reflected in the storytelling strategies of these filmmakers They conclude with a detailed analysis of one of the most successful and influential films of all time *Star Wars* to discover just how it had the effect that it had
