

Probation Report

ACT Public Service

General Information for Supervisors

The purpose of this report is to gain an accurate description of the probationer's conduct and work performance, (usually over a 3 month period, longer for some classifications) so that a decision may be taken on the continuation or extension of probation or the confirmation or annulment of appointment as appropriate. The report also enables deficiencies in a probationer's work performance to be highlighted and provides for action to be identified to seek to overcome these deficiencies.

It is important to identify an officer's strengths and weaknesses at an early stage so that appropriate development action can be taken during the probationary period. Such action should minimise the likelihood of poor work performance occurring after an officer has been confirmed or disciplinary action being necessary.

At the commencement of their probation period

- Explain the probation process and what it entails;
- Explain the nature of their duties and the standard expected of them (inc. attendance, flex-time, general conduct and behaviour towards colleagues and customers etc.); and
- Inform the employee in writing of the criteria and objectives to be met for the appointment to be confirmed.

During the probation period

- Regularly monitor the performance of the employee and give regular feedback in addition to the probation reports required. Regular feedback provides the opportunity for the employee to rectify any performance problems during their probation.
- Provide specific on-the-job training or development opportunities to help the employee perform in their job.
- Complete one month and two month probation reports, provide the employee with a copy and discuss the report with the employee. The employee must be provided with an opportunity to respond within seven working days.
- If the probation period is longer than 3 months, complete further probation reports each month with the final report being sent to recruitment services at least 2 weeks prior to the confirmation date.
- All completed probation reports must be forwarded to the Recruitment Officer by the designated date, and

NB: Under industrial legislation an employee must be advised in writing of any extension to their probationary period prior the initial period ending. It is therefore critical that the probation reports are received by recruitment services in advance.
