Contesting Languages Ekaputra Tupamahu,2022-11-04 How did the Apostle Paul navigate the language differences in Corinth In this book Ekaputra Tupamahu investigates Corinthian tongue speech as a site of political struggle Tupamahu demonstrates that conceptualizing speaking in tongues as ecstatic unintelligible expressions is an interpretive invention of German romantic nationalist scholarship Instead drawing on Mikhail Bakhtin s theories of language Tupamahu finds two forces of language at work in the New Testament a centripetalizing force of monolingualism which attempts to force heterogeneous languages into a singular linguistic form and a countervailing centrifugal force that diverse languages unleash

Elledge, 2017-05-05 Resurrection of the dead represents one of the more enigmatic beliefs of Western religions to many modern readers. In this volume C. D. Elledge offers an interpretation of some of the earliest literature within Judaism that exhibits a confident hope in resurrection. He not only aids the study of early Jewish literature itself but expands contemporary knowledge of some of the earliest expressions of a hope that would become increasingly meaningful in later Judaism, Christianity, and Islam. Elledge focuses on resurrection in the latest writings of the Hebrew Bible, the Apocrypha, Pseudepigrapha, Dead Sea Scrolls, as well as the writings of other Hellenistic Jewish authors. He also incorporates later rabbinic writings, early Christian sources, and inscriptions as they shed additional light upon select features of the evidence in question. This allows for a deeper look into how particular literary works utilized the discourse of resurrection while also retaining larger comparative insights into what these materials may teach us about the gradual flourishing of resurrection within its early Jewish environment. Individual chapters balance a more categorical comparative approach to the problems raised by resurrection definitions, diverse conceptions, historical origins, strategies of legitimation, with a more specific focus on particular pieces of the early Jewish evidence. 1. Enoch, Dead Sea Scrolls, Josephus, Resurrection of the Dead in Early Judaism, 200 BCE–CE 200 provides a treatment of resurrection that informs the study of early Jewish theologies as well as their later reinterpretations within Rabbinic Judaism and Christianity. Adoption as Sons of God James M. Scott, 1992. Originally presented as the author's thesis, doctoral Tübingen 1989. Bibliography of Agriculture, 1971. **Beyond the Qumran Community** John J. Collins, 2010. With the full publication of the Dead Sea Scrolls, fresh analysis of the evidence presented can be and indeed should be made. Beyond the Qumran Community does just that, reaching a surprising conclusion: the sect described in the Dead Sea Scrolls developed later than has usually been supposed and was never confined to the site of Qumran. John J. Collins here deconstructs the Qumran community and shows that the sectarian documents actually come from a text spread throughout the land. He examines the Community Rule or *Yahad* and considers the Teacher of Righteousness, a pivotal figure in the Essene movement. After examining the available evidence, Collins concludes that it is in fact overwhelmingly likely that the site of Qumran housed merely a single settlement of a very widespread movement.
