emails to financially struggling people about how others are rich Your prospect doesn't care about other people's wealth when THEY are broke and in financial pain In fact it works the other way Resentment suspicion distrust Their mind is on their lack of money and they are worried They are awake all night worrying about their debt because they are in financial trouble And what You send them an email about how old your company is Really Come on It's basic marketing folks offer your prospect a solution to their problem and relate to them on their terms At this point all your prospect is interested in is finding a way to earn money NOTE If you are new and have not earned a respectable income chances are your upline will tell you to borrow someone else's story but doing that only begs the question from your prospect well if everyone else is making money in your company why aren't you Forget that So what is in this book Do I teach you how to write emails NO NO NO Is this some lesson on basic copy writing for MLM Heck NO But let's face it Most people can't write a note to save their lives let alone a well crafted email campaign Forget learning a skill that will take you years to master just use expert messages instead That's where this book of powerful financial woes autoresponder messages will come to your aid Inside are 30 rock solid emails that focus on your prospects financial situation with engaging humor and playfulness showing how YOU and your program can help him out of his or her financial mess FULL DISCLOSURE this is a small book 30 powerful emails You are not paying for the quantity of words you are paying for the quality of the message and for getting your phone to ring This book contains 30 well crafted powerfully written emails that are fun and engaging and will suggest and reinforce to your prospect that YOU are the answer to their financial problems using proven psychological and persuasion techniques Take these email autoresponder messages and enter them into your backoffice or your email program Start dripping on your list with these professionally written email messages each crafted to have your prospect motivated to reach out and call YOU as an answer to their Financial Woes The Welcome Message ,1878 **The welcome message** Ernest V.
