

## Deliberate Practice Plan Template (SAMPLE)

Name:  
School:  
Year:  
Date of Plan:

### Step 1: Self-Assessment

| Instructional Strategy           | Level/Score  | Current Student Behavior/Learning                                          | Changes in Students Behavior/Learning                                                                  |
|----------------------------------|--------------|----------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
| Identifying Critical Information | 1, Beginning | Students do not focus in on critical information being taught in a lesson. | I would like to see my students focus in on the critical information being taught throughout a lesson. |

### Step 2: Identify Focus Strategies

| Instructional Strategy           | Baseline Level/Score and Date            | Anticipated Midpoint Growth Level/Score and Date | Anticipated Final Growth Level/Score Goal and Date |
|----------------------------------|------------------------------------------|--------------------------------------------------|----------------------------------------------------|
| Identifying Critical Information | Score: 1, Beginning<br>Date: May 2, 2012 | Score: 3, Developing<br>Date: January 2013       | Score: 4, Applying<br>Date: May 2013               |

### Step 3: Write Measurable Goals

| Goal(s)                                                                                                                                                                                                                                                                                                                                                                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| By the end of the year, I will raise my score on identifying critical information from a 2 to a 4, and I expect to see students describing the level of importance of the information addressed in class, students explaining why the content is important to pay attention to, and students visibly adjusting their level of engagement when critical information is share. |

### Step 4: Identify Specific Action Steps and Resources

| Teacher/Classroom Action Steps                                                                                                                                                                                                         | Resources and Professional Development                                                                                          |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| -Begin the lesson by explaining why upcoming content is important<br>-Tell students to get ready for some important information<br>-Cue the importance of upcoming information by my tone of voice, body position, level of excitement | - <i>Handbook for the Art and Science of Teaching</i><br>-School-based professional development offerings on Design Question #2 |

### Step 5: Reflection

| Goal #1                                                                                                             | Reflection                                                                                                                                                                                                                                                                                                                                                                                                | Date       |
|---------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| What am I learning about the strategy?                                                                              | I realized that I was not pointing out the importance of critical information within my lesson at the beginning of the class period. I did not begin with an activator that helped my students focus in on important vocabulary words. Today in my lesson, I started with key vocabulary and I think it allowed students the opportunity to see what words/phrases would be important for their learning. | 11/29/2012 |
| How do I need to prepare my lesson?                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                           |            |
| When I am using the strategy, what do I feel is working well for me in terms of evidences of improvement in student |                                                                                                                                                                                                                                                                                                                                                                                                           |            |

**evaluation and application of rcc bridge by using** - Mar 31 2022

web evaluation case study for an existing rc bridge using nonlinear static pushover analysis bridges extends horizontally with its two ends restrained and that makes the dynamic characteristics of bridges different from building modal analysis of a 3d bridge model reveals that it has many closely spaced modes

unique design of r c c bridge on godavari river at sironcha - Feb 27 2022

web precast reinforced concrete bridges using finished plant manufactured components are the type primarily built in the ussr methods of suspension assembly of spans and delivery of precast components to local areas by ships are extremely efficient in the construction of large reinforced concrete bridges keywords rcc bridge introduction

components of psc girder and rcc girder bridges youtube - Feb 10 2023

web components of psc girder and rcc girder bridges welc edu 1 06k subscribers subscribe share 2 7k views 2 years ago civil engineering in english in this video i shared about the components of [design of rcc girder bridge cept portfolio cept university](#) - Jun 14 2023

web design of rcc girder bridge the objective of this studio is to design and analyze a rcc girder bridge and all its components superstructure substructure and foundation the bridge was designed compiling to the irc standards grillage method of *response of reinforced concrete bridge subjected to blast* - Jan 29 2022

web oct 30 2022 bridges are key components of transportation network especially in strategic border areas in a country and consequently are susceptible to subversive blast attacks hence in this study dynamic response of a reinforced concrete rc bridge single span consisting

**pdf analysis and design of reinforced concrete bridge** - Jun 02 2022

web dec 31 2011 in this paper digital engineering models for prefabricated bridge components such as deck girder pier abutment are suggested to support information delivery through the life cycle of the bridge

**a comparative study of structural parameters of a rcc t girder bridge** - Jan 09 2023

web may 1 2021 in this paper we present analysis and results of steel and steel reinforce bridge girders based on staad pro analysis and manual analysis 8 combinations of bridge girders as given below are

*pdf comparative study of rcc t girder bridge design* - Apr 12 2023

web apr 1 2013 the study is focused on the loading pattern design and overall analysis of bridge components with the three codes the results discuss the cost effectiveness of codes that the number of

**detection of structural components in point clouds of existing rc bridges** - Nov 07 2022

web just the bridge component detection task for process ing a typical reinforced concrete rc highway bridge point cloud in this article we propose a novel top down method for the abovementioned object detection problem the novelty of this method lies in the fact that it directly ex tracts the key components of rc bridges without gen

*components parts of a bridge concrete and steel bridges parts* - Jul 15 2023

web various components and parts of a bridge such as superstructure substructure bearings of concrete and steel bridges their types importance functions are discussed contents basic components and parts of bridge structures

*rehabilitation of rc bridge deck by using* - Dec 28 2021

web bridge is a structure which is constructed to provide a passing over a gap which may be in the form of valley or river component of the bridge are deck abutment bridge seat beams and girder barrier rail slope protection approach slab roadway wingwall piles columns pile footing cap etc

[structural design of rcc bridge pdf bridge beam](#) - Aug 16 2023

web structural design of rcc bridge free download as word doc doc docx pdf file pdf text file txt or read online for free

**radio waves electromagnetic fields simulation homework phet** - Sep 24 2022

web jun 11 2017 description this homework explores the physics behind radio transmission and reception through the sim it contains two multiple part problems this activity was developed in 2003 before most of our research with phet interviews and before we developed the inquiry guidelines

phet simulation radio waves electromagnetic fields aapt - Nov 26 2022

web phet simulation radio waves electromagnetic fields published by the phet this simulation from the university of colorado will help you understand how to broadcast radio waves from a transmitter to receiver you can control the transmitter electron or set automatic oscillation

*phet simulation radio waves electromagnetic fields aapt* - Dec 28 2022

web aug 18 2016 phet simulation radio waves electromagnetic fields published by the phet students gain understanding of electromagnetic radiation as they broadcast radio waves from a transmitter to receiver they can manually control the transmitter electron or set automatic oscillation

**phet simulation** - Aug 04 2023

web phet simulation

**sound waves phet simulations** - Jul 03 2023

web 9 results sort by sound waves sound waves fourier making waves waves intro wave interference wave on a string optical tweezers and applications

**radio waves electromagnetic fields** - Mar 31 2023

web software requirements credits broadcast radio waves from kphet wiggle the transmitter electron manually or have it oscillate automatically display the field as a curve or vectors the strip chart shows the electron positions at the transmitter and at the receiver

**phet electromagnetic wave simulation download only** - Jun 21 2022

web phet electromagnetic wave simulation electromagnetics in a complex world aug 25 2020 provides the state of the art of modelling simulation and calculation methods for electromagnetic fields and waves and their application the finite difference time domain method for electromagnetics with matlab simulations oct 27 2020

**waves the electromagnetic spectrum phet contribution** - Feb 15 2022

web jun 6 2009 waves the electromagnetic spectrum founded in 2002 by nobel laureate carl wieman the phet interactive simulations project at the university of colorado boulder creates free interactive math and science simulations

*faraday s electromagnetic lab phet interactive simulations* - Sep 05 2023

web play with a bar magnet and coils to learn about faraday s law move a bar magnet near one or two coils to make a light bulb glow view the magnetic field lines a meter shows the direction and magnitude of the current view the magnetic field lines or use a meter to show the direction and magnitude of the current

**magnets and electromagnets magnetic field magnets phet** - Feb 27 2023

web about topics magnetic field magnets electromagnets description explore the interactions between a compass and bar magnet discover how you can use a battery and wire to make a magnet can you make it a stronger magnet can you make the magnetic field reverse sample learning goals

**radio waves electromagnetic fields phet interactive simulations** - Oct 06 2023

web broadcast radio waves from kphet wiggle the transmitter electron manually or have it oscillate automatically display the field as a curve or vectors the strip chart shows the electron positions at the transmitter and at the receiver

**sound waves phet simulations** - Jun 02 2023

web sound waves phet simulations created 6 11 17 updates available online normal modes wave interference optical tweezers and applications radio waves electromagnetic fields fourier making waves

*phet simulation radio waves electromagnetic fields aapt* - Jan 29 2023

web aug 18 2016 phet simulation radio waves electromagnetic fields published by the phet this is a simulation of radio waves being broadcast from a transmitter to receiver users can manually control the transmitter electron or set automatic oscillation

radio waves electromagnetic fields phet - May 01 2023

web description broadcast radio waves from kphet wiggle the transmitter electron manually or have it oscillate automatically display the field as a curve or vectors the strip chart shows the electron positions at the transmitter and at the receiver version 1 09 for teachers teacher submitted activities share an activity translations

phet simulation radio waves electromagnetic fields studied - Aug 24 2022

web phet simulation based learning provides visualizations and teaching aids that help easily understand content knowledge hence improving students academic achievement and motivation levels

**phys102 phet electric generator saylor academy** - Jul 23 2022

web jul 26 2021 phet electric generator watch this animation of a generator note that you can run the interactive simulation in this video yourself if you have a desktop computer go to phet colorado edu en simulation generator source robert goettler youtu be 4vxxzpkz w4

**wave on a string waves phet interactive simulations** - Mar 19 2022

web explore the wonderful world of waves even observe a string vibrate in slow motion wiggle the end of the string and make

waves or adjust the frequency and amplitude of an oscillator

sound waves sound waves phet interactive simulations - Apr 19 2022

web phet global deib in stem ed donate this simulation lets you see sound waves adjust the frequency or volume and you can see and hear how the wave changes move the listener around and hear what she hears

phet electromagnetic wave simulation download only - May 21 2022

web phet electromagnetic wave simulation the electromagnetic wave simulator sep 09 2023 excellent coverage of the two dimensional transmission line matrix tlm method of electromagnetic field modeling and tlm electromagnetic wave simulation software for ms dos computers is detailed divided into 3 sections it begins

**phet radio waves simulator youtube** - Oct 26 2022

web apr 5 2020 phet radio waves simulator jeff morgan 80 subscribers subscribe 51 share save 3 9k views 3 years ago experiments with the phet radio waves and electromagnetic fields simulation answering
