Homosexuality on the Small Screen Sebastian Buckle, 2018-08-30 Television provides a unique account of the development of a homosexual identity across the western world emerging as it did when ideas around sex and sexuality were themselves only just beginning to be publicly discussed From the very earliest surviving drama featuring homosexuality in 1959 Homosexuality on the Small Screen explores each decade s programming in turn looking at homosexual themes storylines and characters situating them historically and relating them to the broader events in British history By doing so it examines the interactions between the medium and the reality of gay lives showing how television mirrored the changes taking place in British society For those with a homosexual or emerging homosexual sexual orientation they were seminal in early personal and social development For heterosexual viewers these images were equally important in exploring a sexual other which otherwise remained hidden from them They included positive storylines which helped improve public ideas about homosexuality but also stereotypical images which propagated negative attitudes in the public consciousness Homosexuality on the Small Screen charts this fascinating journey and television s role in the construction of a gay identity **Churchill's Secret Enemy** Jonathan Pile, 2012 Reveals evidence of a Watergate style conspiracy by British appeasers against Churchill masterminded by ex MI5 officer and Conservative Party fixer Sir Joseph Ball funded by murdered Bahamas Tax Exile Gold Magnate Sir Harry Oakes and British Pro Nazis Ball s friends included Cambridge Spy Guy Burgess and James Bond Author Ian Fleming Events culminate in the mysterious stopping of Big Ben the arrival of Rudolf Hess in Scotland 11 years of research reveal how close Churchill came to losing his seat in parliament selling his beloved Chartwell the dirty tricks used against him and how close England came to joining the Axis **Rebel With a Cause** Ann Clwyd, 2017-03-28 A BORN REBEL ANN CLWYD HAS NEVER FEARED A FIGHT The first woman to represent a Welsh Valleys constituency in Parliament Ann Clwyd has spent thirty three years in the corridors of power and witnessed the key political events of modern times from the miners strike which ripped apart communities to the EU referendum which looks set to reshape a continent She was shadow Secretary of State for Wales and shadow Secretary of State for International Development only to be sacked over her refusals to toe the Labour Party line Waging a tireless war against injustice from the back benches Ann has campaigned for better quality NHS care a cause close to her heart and one that became tragically personal when her beloved husband Owen was failed by our hospitals Publicly denounced by Saddam Hussein she has been a fierce ally of the Iraqi people for decades earning a place on the regime s most wanted list and winning the lifelong affection of its citizens Rebel with a Cause is Ann Clwyd s remarkable story of battling for her principles regardless of wounds inflicted on her political career This resolve was demonstrated when undeterred by Labour leader Jeremy Corbyn s three line whip she voted against Article 50 Despite having faced constant opposition over the course of her parliamentary career Ann has always fought back fiercely and continues to do so to this day Gibraltar Peter Gold, 2005 The year 2004 marks three hundred years since Britain took

possession of Gibraltar a rocky promontory at the foot of the Iberian Peninsula sometimes referred to as The Rock Gibraltar British or Spanish provides a detailed study of the attempts that have been made by Spain especially since 1984 when Britain and Spain signed an agreement to discuss the future of Gibraltar to regain the sovereignty of The Rock despite the wishes of the Gibraltarians

Cloning Stephen D. Fairbanks, 2004 The terms recombinant DNA technology DNA cloning molecular cloning or gene cloning all refer to the same process the transfer of a DNA fragment of interest from one organism to a self replicating genetic element such as a bacterial plasmid The DNA of interest can then be propagated in a foreign host cell This technology has been around since the 1970s and it has become a common practice in molecular biology labs today Reproductive cloning is a technology used to generate an animal that has the same nuclear DNA as another currently or previously existing animal Dolly was created by reproductive cloning technology In a process called somatic cell nuclear transfer SCNT scientists transfer genetic material from the nucleus of a donor adult cell to an egg whose nucleus and thus its genetic material has been removed The reconstructed egg containing the DNA from a donor cell must be treated with chemicals or electric current in order to stimulate cell division Once the cloned embryo reaches a suitable stage it is transferred to the uterus of a female host where it continues to develop until birth Therapeutic cloning also called embryo cloning is the production of human embryos for use in research The goal of this process is not to create cloned human beings but rather to harvest stem cells that can be used to study human development and to treat disease Stem cells are important to biomedical researchers because they can be used to generate virtually any type of specialised cell in the human body This new book presents an up to date Chronology of Cloning along with current and selected abstracts dealing with cloning as well as a guide to books on the topic Access to the abstract and books sections is provided by title subject and author indexes

The Social Construction of Swedish Neutrality Christine Agius, 2006-07-30 Since the end of the Cold War and particularly in the post 9 11 international environment neutrality has been conceptualised as a problematic subject With the end of bipolarity neutrality as a foreign and security policy lost much of its justification and in the ongoing War on Terror no state according to the Bush Administration can be neutral However much of this debate has gone unnoticed in IR literature This book newly available in paperback examines the conceptualisation of neutrality from the Peloponnesian War to the present day uncovering how neutrality has been a neglected and misunderstood subject in IR theory and politics By rethinking neutrality through constructivism this book argues that neutrality is intrinsically linked to identity Using Sweden as a case study it links identity sovereignty internationalism and solidarity to the debates about Swedish neutrality today and how neutrality has been central to Swedish identity and its world view
