

Anago and the Franchise Owner Concept

Franchising of individually owned office cleaning businesses is a proven concept and it is widely used in the United States.

The concept works because of the simple principle that the owner of the business is the supervisor of, and major participant in, the actual cleaning and maintenance of the building. Therefore, since the person overseeing the actual work has a substantial investment in the business, he or she cannot afford to have an unhappy customer.

Your business benefits from unique features that set Anago Franchisees apart from other janitorial services including their use of our SmartClean™ program, communications log, solid client support, advanced recommended cleaning methods and equipment, and commitment to cleaning green. You can focus on your business, while our Franchise Owners keep your working environment safe and clean at a price you can afford.

People are simply more comfortable and productive in an environment that feels clean. With Anago's proven program, you receive a customized schedule of cleaning based on your priorities and budget. This rotational, systematic service ensures the highest level of cleanliness for the health of your employees and clients and also provides an unbeatable first impression!

Anago Operations

Insurance

Our Franchisees carry all required Workers' Compensation Insurance and Contractors' Comprehensive General Liability Insurance and pay all Social Security, State, and Federal Unemployment Taxes. Certificates are available upon request.

Working Tools

Following is a list of the "Working Tools" provided and used by our Franchise Owners, depending on the type of service rendered: Wall Brushes, Waxes, Carpet Sweepers, Squeegees, Wax Cleaners, Disinfectants, Vacuum Cleaners, Wiping Cloths, Metal Polish, Chamois, Wet Mops, Rubber Gloves, Dust Cloths, Floor Machines, Scouring Powder, Buckets, Mop Presses, Floor Dressings, Dust Mops, Dust Pans, and Sponges.

Hours of Service

Daily hours shall be Monday through Friday, after 5:00 p.m., unless otherwise specified. Holidays excluded are New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Supervision

Anago shall stay in close contact with both management and cleaning personnel concerning all work performed. To this end, Anago Franchisees and their employees maintain the latest in communication technology, to ensure close communication as well as necessary follow-up procedures.

Security

A Communications Follow-Up Log is maintained, describing the situation in question and the follow-up that transpired. Anago's nightly checklist ("The Third Pass") provides checks to ensure the building is properly secured upon completion of duties.

Sample Proposal Building Maintenance

Office**

Sample Proposal Building Maintenance:

Building Services Engineering Jackie Portman, 2016-04-12 Building Services Engineering focuses on how the design construction interface and how the design intent is handled through the construction stage to handover and in the short term thereafter Part One sets the scene by describing the stakeholders involved in the construction stage and the project management context Part Two focuses specifically on the potential roles and responsibilities of building services engineers during construction and post construction

Technical Communication with 2009 MLA and 2010 APA Updates Mike Markel, 2010-06-15 Click here to find out more about the 2009 MLA Updates and the 2010 APA Updates Comprehensive and truly accessible Technical Communication guides students through planning drafting and designing the documents that will matter in their professional lives Known for his student friendly voice and eye for technology trends Mike Markel addresses the realities of the digital workplace through fresh samples and cases practical writing advice and a companion Web site TechComm Web that continues to set the standard with content developed and maintained by the author The text is also available in a convenient affordable e book format

Integrated Project Delivery for Building Infrastructure Opportunities Howard McKew, 2023-12-12 This book examines in great detail the D B and IPD methods while touching on D B B and CM project deliveries In this vein the discussion regarding IPD is a variation from ASHRAE Technical Committee TC 7.1 Integrated Building Design IBD with the focus herein on HVAC Led IPD Opportunities by consulting engineers and mechanical contractors This IPD variation is also described later in the book as a 21st century version of what was 20th century D B project delivery although D B project delivery is still widely used

Technical Communication Mike Markel, Michael H. Markel, 2009-02-03 Comprehensive and truly accessible Technical Communication guides students through planning drafting and designing the documents that will matter in their professional lives Known for his student friendly voice and eye for technology trends Mike Markel addresses the realities of the digital workplace through fresh samples and cases practical writing advice and a companion Web site TechComm Web that continues to set the standard with content developed and maintained by the author The text is also available in a convenient affordable e book format

Site Management of Building Services Contractors Jim Wild, 2002-09-11 Managing building services contractors can prove to be a minefield The most successful jobs will always be those where building site managers have first built teams focused on tackling issues that might cause adversarial attitudes later on and jeopardize the project The author shows how a simple common management approach can improve site managers competency in overseeing building services contractors sub traders and specialists and maximize the effectiveness of time spent on building services

Writing Grant Proposals that Win Deborah Ward, 2006 Writing Grant Proposals That Win Third Edition gives you step by step instructions and clear examples of how to write winning grant proposals From expressing the need for the project to describing objectives and activities from outlining your evaluation plan to creating a workable project budget from how reviewers function to what they

are looking for in proposal sections you'll find the help you need to maximize every aspect of your proposal. The tips to help you create winning sections include how to assess a program announcement and ensure that you address each requirement; condense your entire proposal into a brief but compelling abstract; determine what appendices to include and in what form for maximum impact; adequately describe project dissemination and continuation plans; use technology including desktop publishing, graphics, color, and spreadsheets for budget development to enhance your proposals; and structure your proposal to increase your chance of winning. Expanded to include more grant writing help than ever, the book also includes easy-to-use flowcharts and helpful hints that give you expert tips and proven grant writing advice. With this book, you'll have the tools you need to craft proposals that win. *Technical Communication* Michael H. Markel, Mike Markel, 2012-01-04. This volume provides students with accessible and easy-to-follow strategies for tackling the major types of documents from writing reports to job applications. Interactive exercises are included to provide engaging scenarios for writing practice.

Step-by-Step Resumes For All Construction Trades Laborer and Contractor Positions Evelyn U. Salvador, 2020-05-15. Book Delisted. **Exercises and Solutions in Statistical Theory** Lawrence L. Kupper, Brian H. Neelon, Sean M. O'Brien, 2013-06-24. *Exercises and Solutions in Statistical Theory* helps students and scientists obtain an in-depth understanding of statistical theory by working on and reviewing solutions to interesting and challenging exercises of practical importance. Unlike similar books, this text incorporates many exercises that apply to real-world settings and provides much more thorough solutions. The exercises and selected detailed solutions cover from basic probability theory through to the theory of statistical inference. Many of the exercises deal with important real-life scenarios in areas such as medicine, epidemiology, actuarial science, social science, engineering, physics, chemistry, biology, environmental health, and sports. Several exercises illustrate the utility of study design, strategies, sampling from finite populations, maximum likelihood, asymptotic theory, latent class analysis, conditional inference, regression analysis, generalized linear models, Bayesian analysis, and other statistical topics. The book also contains references to published books and articles that offer more information about the statistical concepts. Designed as a supplement for advanced undergraduate and graduate courses, this text is a valuable source of classroom examples, homework problems, and examination questions. It is also useful for scientists interested in enhancing or refreshing their theoretical statistical skills. The book improves readers' comprehension of the principles of statistical theory and helps them see how the principles can be used in practice. By mastering the theoretical statistical strategies necessary to solve the exercises, readers will be prepared to successfully study even higher-level statistical theory.

Planning Guide for Maintaining School Facilities Tom Szuba, 2003. **Building Services Journal**, 2000. **The BOCA Basic Housing-property Maintenance Code** Building Officials and Code Administrators International, 1975.
