Haraway, 2016-08-25 In the midst of spiraling ecological devastation multispecies feminist theorist Donna J Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants She eschews referring to our current epoch as the Anthropocene preferring to conceptualize it as what she calls the Chthulucene as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices The Chthulucene Haraway explains requires sym poiesis or making with rather than auto poiesis or self making Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures Theoretically and methodologically driven by the signifier SF string figures science fact science fiction speculative feminism speculative fabulation so far Staying with the Trouble further cements Haraway's reputation as one of the most daring and original thinkers of our time *Encyclopedia of Television Shows* Vincent Terrace, 2024-02-15 There were between January 1 2017 and December 31 2022 1 559 television series broadcast on three platforms broadcast TV cable TV and streaming services This book the second supplement to the original Encyclopedia of Television Shows 1925 2010 presents detailed information on each program including storylines casts character and performer years of broadcast trivia facts and network cable or streaming information Along with the traditional network channels and cable services the newest streaming services like Amazon Prime Video and Disney Plus and pioneering streaming services like Netflix and Hulu are covered The book includes a section devoted to reality series and foreign series broadcast in the U S for the first time from 2017 to 2022 a listing of the series broadcast from 2011 through 2016 which are contained in the prior supplement and an index of performers *Focus On: 100 Most Popular Nonlinear Narrative Films* Wikipedia contributors, **Why Didn't Evangelicals "See Him Coming"?** Paul A. Pomerville, 2023-08-31 Why Didn't Evangelicals See Him Coming is a hard hitting clear eyed account of how American society the political establishment and the rule of law reacted to a sociopath president After Donald Trump left office Americans didn't see him going either Trump came and went yet millions of

Americans were clueless about what happened because of his gaslighting tornado An evangelical Christian author explains why Bible believing church going Jesus talking America loving evangelicals along with other Americans listened to were enamored by and elected an immoral sociopath An unlikely combination of viewpoints psychology law and biblical theology provide a surprising coherent picture of how Donald Trump deceived and inflicted devastation on democracy His uncanny influence is chronicled by media reporting during his four years in office and afterwards in a shadow presidency at Mar a Lago If Trump succeeded in anything it was deceit Psychologists rightly attribute this to his gaslighting biblical theology probes deeper to his corrupt human nature An FBI search warrant at Mar a Lago revealed the inevitable truth Donald Trump was a thief and traitor from the beginning the law finally caught up with a long overdue unaccountable serial criminal for crimes that America would not tolerate

The Gifted Generation David Goldfield, 2017-11-14 A sweeping and path breaking history of the post World War II decades during which an activist federal government guided the country toward the first real flowering of the American Dream In The Gifted Generation historian David Goldfield examines the generation immediately after World War II and argues that the federal government was instrumental in the great economic social and environmental progress of the era Following the sacrifices of the Greatest

Generation the returning vets and their children took the unprecedented economic growth and federal activism to new heights This generation was led by presidents who believed in the commonwealth ideal the belief that federal legislation by encouraging individual opportunity would result in the betterment of the entire nation In the years after the war these presidents created an outpouring of federal legislation that changed how and where people lived their access to higher education and their stewardship of the environment They also spearheaded historic efforts to level the playing field for minorities women and immigrants But this dynamic did not last and Goldfield shows how the shrinking of the federal government shut subsequent generations off from those gifts David Goldfield brings this unprecedented surge in American legislative and cultural history to life as he explores the presidencies of Harry S Truman Dwight D Eisenhower and Lyndon Baines Johnson He brilliantly shows how the nation s leaders persevered to create the conditions for the most gifted generation in U S history **The Ironworker**, 2000 The Deal from Hell James O'Shea, 2011-06-28 The authoritative account of a catastrophic merger of media empires that symbolizes the crisis in American journalism and the challenges faced by the nation s newspapers in the digital age **Best White Wine on Earth** Stuart Pigott, 2014-06-17 A celebrated wine journalist presents a comprehensive entertaining primer on one of the most beloved wines of our time Riesling Diverse drinkable aromatic and refreshing Riesling is a chameleon among white wines From its food friendly flavor and favorable price point to its ability to be either bone dry or honey sweet there are very good reasons to argue that Riesling is not just a popular wine of the moment but the finest white of our time In Best White Wine on Earth wine journalist and Riesling enthusiast Stuart Pigott extols the virtues of his favorite varietal and explores the history behind this magnificent grape Traveling to the great Riesling producing regions of the world from North America to Europe Australia New Zealand and South America Pigott provides tasting notes top rated recommendations and fascinating insights into how the wine is made all while making an impassioned case that it is truly the best white on earth Written simply enough for a novice but with enough expertise and insight to satisfy the most sophisticated collector this is a must have guide for any white wine enthusiast *Billboard*, 1994-06-25 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends TLA Film and Video Guide David Bleiler, 1999 Detailed indexes by star director genre country of origin and theme Lavishly illustrated with over 450 photos Comprehensive selection of international cinema from over 50 countries Over 9 000 films reviewed Up to date information on video availability and pricing Appendices with award listings TLA Bests and recommended films Coarseness in U.S. Public Communication Philip Dalton, Eric Mark Kramer, 2012-08-31 Public expression in the United States has become increasingly coarse Whether it s stupid rude base or anti intellectual talk it surrounds us Popular television film music art and even some elements of religion have become as coarse we argue as our

often disparaged political dialogue This book's contention is that the U S semantic environment is governed by tactics not tact We craft messages that work that perform their desired function We are instrumental strategic communicators As such entertainment and journalism that draw an audience for instance are good This follows the logic that the marketplace an aggregate of hedonically motivated individuals decides what's good Market logic when unencumbered by what some characterize as quaint human sentimentalities liberates us to cynically communicate whatever and however we want Whatever improves ratings web traffic ticket sales concession sales repeat purchases and earnings is good Embracing this communicative paradigm more fully necessitates the culture's abandonment of collective notions of both taste and veracity thus weakening the forces that keep individual desires in check Our present communication environment is one that invites the hypertrophic expression of the ego enabling elites to erode public communication standards and repeal laws and regulations resulting in immeasurable individual fortunes Meanwhile perpetual plutocratic rule is made even more certain by the cacophonous public noise the rest of us are busy making leaving us incapable disinterested and unwilling to listen to one another

The Shift Russell Carleton, Jeff Passan, 2018-03-08 With its three hour long contests 162 game seasons and countless measurable variables baseball is a sport which lends itself to self reflection and obsessive analysis It's a thinking game It's also a shifting game Nowhere is this more evident than in the statistical revolution which has swept through the pastime in recent years bringing metrics like WAR OPS and BABIP into front offices and living rooms alike So what's on the horizon for a game that is constantly evolving Positioned at the crossroads of sabermetrics and cognitive science The Shift alters the trajectory of both traditional and analytics based baseball thought With a background in clinical psychology as well as experience in major league front offices Baseball Prospectus Russell Carleton illuminates advanced statistics and challenges cultural assumptions demonstrating along the way that data and logic need not be at odds with the human elements of baseball in fact they're inextricably intertwined Covering topics ranging from infield shifts to paradigm shifts Carleton writes with verve honesty and an engaging style inviting all those who love the game to examine it deeply and maybe a little differently Data becomes digestible intangibles are rendered not only accessible but quantifiable Casual fans and statheads alike will not want to miss this compelling meditation on what makes baseball tick

No Small Thing William H. Lawson, 2018-03-29 The Mississippi Freedom Vote in 1963 consisted of an integrated citizens campaign for civil rights With candidates Aaron Henry a black pharmacist from Clarksdale for governor and Reverend Ed King a college chaplain from Vicksburg for lieutenant governor the Freedom Vote ran a platform aimed at obtaining votes justice jobs and education for blacks in the Magnolia State Through speeches photographs media coverage and campaign materials William H Lawson examines the rhetoric and methods of the Mississippi Freedom Vote Lawson looks at the vote itself rather than the already much studied events surrounding it an emphasis new in scholarship Even though the actual campaign was carried out from October 13 to November 4 the Freedom Vote's impact far transcended those few weeks in the fall Campaign manager Bob Moses rightly calls the Freedom Vote one of the most unique voting campaigns in American history Lawson demonstrates that the Freedom Vote remains a key moment in the history of civil rights in Mississippi one that grew out of a rich tradition of protest and direct action Though the campaign is overshadowed by other major events in the arc of the civil rights movement Lawson regards the Mississippi Freedom Vote as an early and crucial exercise of citizenship in a lineage of racial protest during the 1960s While more attention has been paid to the March on Washington and the protests in Birmingham or to the assassination of John F Kennedy and the Freedom Summer murders this book yields a long overdue in depth analysis of this crucial movement
