The Poetics of Empowerment in David Mitchell's Novels

Eva-Maria Windberger, 2023-07-17 The Poetics of Empowerment in David Mitchell's Novels combines the investigation of David Mitchell's novels with the introduction of a new critical concept to literary studies empowerment Aiming to situate and establish empowerment firmly within the context of literary studies it offers the first framework and definition for reading fictional texts with the lens of empowerment and applies it in the analysis of discourse the fictional characters and the role of the reader in Mitchell's novels Drawing on narratological analysis cognitive approaches to literature and reader response theory it features close readings of *Cloud Atlas* 2004 *Black Swan Green* 2006 and *The Thousand Autumns of Jacob de Zoet* 2010 and dissects the author's strategies poetics and agenda of empowering fiction This book argues for an inherent indissoluble connection between empowerment and the telling of stories and demonstrates how literary studies can benefit from a serious engagement with empowerment and how such an engagement can stimulate new responses to fiction and put literary studies in conversation with other disciplines **PC Magazine** ,2006 **Global Stock Guide** ,1996-05
