A Philosophical Exploration of the Humanities and Social Sciences Giorgio Baruchello, Ársæll Már Arnarsson, 2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably if not incessantly to each and every one of us In mundane life having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished if not annihilated However humor is much more than this and so much else In particular humor can accompany cruelty inform it sustain it and exemplify it Therefore in this book we provide a comprehensive reasoned exploration of the vast literature on the concepts of humor and cruelty as these have been tackled in Western philosophy humanities and social sciences especially psychology Also the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common sense concepts in line with the understanding of concepts developed by M Polanyi in the 20th century Thus a thorough nuanced grasp of their complex mutual relationship is established and many platitudes affecting today's received views and scholarship are cast aside Like Aristotle and Dewey Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone

vaguely understads to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated Richard Marc Rubin President George Santayana Society *India In Edinburgh* Roger Jeffery,2019-06-28 Roger Jeffery in this book has brought together 10 original well researched and well written essays which bring to life the presence of India in the capital city of Scotland Edinburgh On the surface Edinburgh is a purely Scottish city its India past is not easily visible Yet from the late 17th century onwards many of Edinburgh s young men and women were drawn to India The city received back money and knowledge sculpture and paintings botanical specimens and even skulls Colonel James Skinner well known for establishing Skinner s Horse brought his sons to Edinburgh for their schooling Though Sir Walter Scott visited India only in his imagination and tried to stop his own sons going there he crafted a dashing India tale involving Tipu Sultan The money from India helped create Edinburgh s New Town Edinburgh s internationally renowned schools whose former pupils careers ranged from tea planters to Viceroy and people who came to Edinburgh from India established Edinburgh s second women s medical college There are many such hidden stories of Edinburgh s India connections In this path breaking book they are brought to life using novel approaches to look at Edinburgh s past to see it as an imperial city a city for which India held a special place Focusing on the interactions between individual lives social networks and financial material cultural and social flows leading experts from Edinburgh s history provide fascinating detail on how Edinburgh s links to India were formed and transformed Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
