Shadows of the Eternal Pasquale De Marco, 2025-05-11 In this groundbreaking book Pasquale De Marco takes us on a profound journey into the nature of shadows those aspects of ourselves that we often fear to acknowledge Through a unique blend of personal insights psychological research and spiritual wisdom Pasquale De Marco reveals the transformative power of embracing our shadows rather than suppressing them Shadows are an inherent part of our existence as inseparable from us as our physical bodies They are the dark side of our psyche the repressed and denied aspects of ourselves that we often fear to acknowledge Yet shadows also contain a wealth of potential for growth and transformation When we deny our shadows we create a split within ourselves We become alienated from our true nature and live inauthentic lives We may also project our shadows onto others blaming them for our own shortcomings Embracing our shadows is not about condoning or indulging in negative behavior Rather it is about coming to terms with our own imperfections and limitations It is about accepting ourselves for who we truly are both the light and the dark This process of shadow integration is not always easy It can be painful to confront our own darkness However it is a necessary journey if we wish to live authentic and fulfilling lives When we embrace our shadows we become more whole and complete We become more accepting of ourselves and others We become more compassionate and understanding And we become more resilient in the face of life s challenges Shadows of the Eternal is an essential guide for anyone who wants to understand the nature of shadows and their impact on our lives Through this book you will learn how to Identify your own shadows Integrate your shadows into your life in a positive and meaningful way Use your shadows as a source of strength and wisdom Help others to embrace their own shadows If you are ready to embark on a

Living in the shadows of a rich and sick society Dr. Lloyd G Fennell,2010-10-19 Living in the Shadows of a Rich and Sick Society is a chilling reality depicting the rising level of violence among teens increased alcohol and drug abuse and the continuous exploitation of children which has become a widespread phenomena that has developed into a scandalous situation in our homes schools communities and that all too often ends up in many grave yards The spiral of youth problems and issues has created challenges for our schools the police the courts and our neighborhoods It is my belief that solutions to most of these problems are no longer a local matter Our government must establish a national new team philosophy and commitment to address the physical social economical psychological and technological problems of our youth in our changing world It is my belief that the social problems of teens youth violence and miss education will continue to become major issues for a very long time unless some immediate and drastic actions are implemented In spite of the advancement of technology and the achievements in education businesses government and faith institution there is no single source within our societies that is more important that is in danger than the foundation of family The day break of a new culture is at hand in which the youth culture must be taken very seriously It is time for a cultural make over Our civilize society can no longer wait for an early afternoon break In a rich republic like ours we can no longer side step our civic responsibilities of knowing that the foundation of the family is in danger The new day is now Tomorrow is not promised Our civilized society can no longer wait for an early afternoon Immediate action is need to address the black sheep attitude of this nation Our young people are restless They have been awakened to the misgivings of their adult counterparts Do as I say but not as I do There is a silent revolution taking place in our youth culture of internet forums to challenge our institutions may be for good or for evil actions However soon they will be no more silent in the outcome The youth population must be taken very serious concerning their aggressive disobedience to parents their uncaring attitudes towards their peers and civic disorder to institutions Government both state and local jurisdictions will need to reassert their methods in developing regional strategies and collective

programs that at times will call for a national approach for an effective comprehensive solution to counteract the silent psychopathic nature that are taking hold of our society It is quite evident from my experience of working in schools the community and the correctional institutions that violent behavior by youth is very serious and extreme and must be corrected immediately In times like these someone must be able to speak about the wrongs of government without fear and limitations The voice of the sick lame and the poor must be represented in all chambers of society As we look around to the greed and corruptions the crimes the abuse and violence we can see a decaying state of affairs crashing down with shattering forces ready to destroy the family and our learning institutions Needless to say most families are not equipped to keep pace with increasing technological changes that are taking place The level of advertisement and marketing techniques have cast a double shadow in which the haves are joining the haves and the have nots Living in the shadows of a rich and sick society is an attempt to look at the five major institutions of civilization with a spiritual vision of hope and institutional reconciliation A vision where the institutions of the family home schools places of worship commerce and government win dream new dreams for equitable action and just resources and services to reverse then ever ending spiral of unrest if we fail to addressing the needs of our future generation Today God is can *A Sliver of Light Out of Darkness* Glenn A.
