Learning objectives, assignments, guidance (also with clearly appropriate facts, and more)
Issues and comments, a wide range of materials
(also various graphics, mechanics, and spelling)

Developing an understanding of mathematical concepts
Solving problems with precision and accuracy
Using problem-solving in multiple ways and situations involving

100

Development of an understanding of the concept of a function, and the ability to use it to model real-world situations, is a key goal of the course. This is achieved through a combination of direct instruction, problem-solving, and the use of technology.
