Billy Collins s first book of new poems since Picnic Lightning in 1998 is the latest curve in the phenomenal trajectory of this  
poet s career Already in his forties when he debuted with a full length book The Apple That Astonished Paris Collins has  
become the first poet since Robert Frost to combine high critical acclaim with broad popular appeal And as if to crown this  
success he was appointed Poet Laureate of the United States for 2001 2002 and reappointed for 2002 2003 What accounts  
for this remarkable achievement is the poems themselves quiet meditations grounded in everyday life that ascend effortlessly  
into eye opening imaginative realms These new poems in which Collins continues his delicate negotiations between the clear  
and the mysterious the comic and the elegiac are sure to sustain and increase his audience of avid readers      **American**
