September 27, 2019

Honorable Mayor
Quezon City

Dear Sir,

Greetings in the name of public service!

This is to respectfully seek for your permission to allow us to avail a short vacation leave. We had the chance to book for a travel to Korea on October 10-22 of this year and we hope you will allow us as we commit not to leave any work undone or cause any delay in our respective responsibilities as employees of the City. We acknowledge that this request is personal and that no government fund will be spent in connection with this travel.

Thank you for your support and understanding Sir.

More power and God bless.

Very truly yours,

GAO Documents United States. General Accounting Office,1988 **Ristau's International Judicial Assistance** David P. Stewart,David W. Bowker,2021 With increased cross border disputes in civil and commercial matters across the globe this edition gives practicing litigators an overview of the provision of mechanisms for international judicial assistance across different legal systems Building on Ristau s classic multi volume work this book brings up to date background and practical guidance that today s practitioners need *The Role of the State in Migration Control* Aoife McMahon,2016-11-21 This research questions the seemingly ossified premise that states have an absolute discretion to control international migration Applying Max Weber s theories of legitimacy it determines that while states have certain traditionally legitimate functions migration control as distinct from the determination of citizenship is not one such function Measures of migration control must thus be justified on a rational legal basis that is on a minimal evidential basis Acknowledging the many obstacles states face in carrying out this legitimising exercise it is suggested that a supranational approach at the regional level is the most sustainable long term model with an ultimate aim of achieving inter regional cooperation on migration management on the basis of equality between regions GAO documents United States. effectively denied citizens their rights The book documents in rich ethnographic detail the manner in which these discourses of denial played out in the ten countries involved and explores in depth the implications for policy and regulatory reform
