George Bradshaw,1848 The WPA Guide to Utah Federal Writers' Project,2013-10-31 During the 1930s in the United

States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. Utah, a state which is well known for its distinct religious history, is thoroughly examined in this WPA Guide with an entire chapter on the relationship between the Church of Jesus Christ of Latter-day Saints and the state of Utah. The Beehive State, also known for its natural beauty and plentiful resources, also contains several pictures of the Great Salt Lake and mountainous desert landscape, as well as an interesting essay on mining.
