Description :

The extent to which humanitarian intervention has become a legitimate practice in post-cold war international society is the subject of this book. It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post-cold war periods. While there are studies of each individual case of

Roy Allison

Saving Strangers Humanitarian Intervention In:

Saving Strangers Nicholas J. Wheeler, 2000-09-08 The extent to which humanitarian intervention has become a legitimate practice in post cold war international society is the subject of this book It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post cold war periods Crucially the book examines how far international society has recognised humanitarian intervention as a legitimate exception to the rules of sovereignty and non intervention and non use of force While there are studies of each case of intervention in East Pakistan Cambodia Uganda Iraq Somalia Rwanda Bosnia and Kosovo there is no single work that examines them comprehensively in a comparative framework Each chapter tells a story of intervention that weaves together a study of motives justifications and outcomes The legitimacy of humanitarian intervention is contested by the pluralist and solidarist wings of the English school and the book charts the stamp of these conceptions on state practice Solidarism lacks a full blown theory of humanitarian intervention and the book supplies one This theory is employed to assess the humanitarian qualifications of the cases of intervention analysed in the book and this normative assessment is then compared to the moral practices of states A key focus is to examine how far humanitarian intervention as a legitimate practice is present in the diplomatic dialogue of states In exploring how far there has been a change of norm in the society of states in the 1990s the book defends the broad based constructivist claim that state actions will be constrained if they cannot be legitimated and that new norms enable new practices but do not determine these The book concludes by considering how far contemporary practices of humanitarian intervention support a new solidarism and how far this resolves the traditional conflict between order and justice in international society

The Current Status of Humanitarian Intervention in Need of Legal Clarification. Analysis of the Legal and Humanitarian Justifications for Intervening In Libya and the Inaction in Syria Yewande Abiodun, 2020-06-24 Master s Thesis from the year 2014 in the subject Law European and International Law Intellectual Properties grade DISTINCTION University of Hertfordshire Faculty of Law course International Law language English abstract In this thesis the concepts of Sovereignty non intervention and Humanitarian Intervention will gradually be unveiled especially in subsequent chapters The cases of Syria and Libya will serve as watershed for the theoretically unveiled concepts The principle of State Sovereignty plays a great role in the formation of international law as it sets a basic foundation on which the international society is built The natural supposition is that international order is best maintained if states respect one another s sovereignty by adhering to the norms of non intervention in the internal affairs of other states The modern idea of Sovereignty dates back to Ancient Rome in which all sovereign powers were bestowed on the Emperor It was deemed an absolute unified inalienable power based upon a voluntary but irrevocable contract

The International Struggle Over Iraq David Malone, 2006 Iraq has dominated headlines in contemporary times but its controversial role in international affairs goes back much further This book presents an understanding of one of the most persistent crises in

international affairs and the various roles the world's central peace making forum has played in it **Rethinking the Responsibility to Protect** Alexander Reichwein, Mischa Hansel, 2023-05-31 This edited volume critically examines the Responsibility to Protect R2P as a guiding norm in international politics After NATO's intervention in Libya against the backdrop of civil wars in Syria and Yemen and because of the cynical support for R2P by states such as Saudi Arabia this norm is the subject of heavy criticism It seems that the R2P is just political rhetoric an instrument exploited by the powerful states Hence the R2P is being challenged At the same time however institutional settings normative discourses and contestation practices are making it more robust New understandings of responsibility and the politics of protection are creating new normative spaces patterns of legitimacy and norm entrepreneurs thereby reinforcing the R2P This book's goals are to discuss the R2P's roots institutional framework and evolution to reveal its shortcomings and pitfalls and to explore how it is exploited by certain states Further it elaborates on the R2P's strength as a norm Accordingly the contributions presented here discuss various ways in which the R2P is being challenged or confirmed or both at once As the authors demonstrate these developments concern not only diplomatic communication and political practices within international institutions but also to normative discourses Furthermore the book includes chapters that reevaluate the R2P from a normative standpoint e.g. by proposing cosmopolitan standards as a guide for states external behavior Other contributors reassess the historical evidence from U.N. negotiations on the R2P principle and the productive or restrictive role of institutions Discussing new issues relating to the R2P such as global and regional power shifts or foreign policy as well as the phenomenon of authoritarian interventionism under the R2P umbrella this book will appeal to all IR scholars and students interested in humanitarianism norms and power By analyzing the status quo of the R2P it enriches and broadens the debate on what the R2P currently is and what it ought to be *Humanitarian Intervention* Thomas G. Weiss, 2013-04-24 A singular development of the post Cold War era is the use of military force to protect human beings From Rwanda to Kosovo Sierra Leone to East Timor and more recently Libya to Cote d'Ivoire soldiers have rescued some civilians in some of the world's most notorious war zones Could more be saved Drawing on over two decades of research Thomas G. Weiss answers yes and provides a persuasive introduction to the theory and practice of humanitarian intervention in the modern world He examines political ethical legal strategic economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies The updated and expanded second edition of this succinct and highly accessible survey is neither celebratory nor complacent The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the global war on terror UN debates and such international actions as Libya The result is an engaging exploration of the current dilemmas and future challenges for robust international humanitarian action in the twenty first century The Emergence of Humanitarian Intervention Fabian Klose, 2016 A study of the emergence and development of humanitarian intervention from the nineteenth century through to the present day Drawing from a multitude of disciplines it

investigates the complex and controversial debates over the legitimacy of protecting humanitarian norms and universal human rights by violent as well as non violent means

The Prevention and Intervention of Genocide Samuel Totten, 2008-03-31 This volume is comprised of over 2 300 annotations on a wide array of issues and topics germane to the subject of preventing the atrocities of genocide and managing these conflicts when they do arise Samuel Totten brings together in one comprehensive collection the research and findings in various fields such as political science sociology history and psychology to enable specialists in genocide studies peace studies and conflict resolution to benefit from the insights of a diverse range of scholars and foster an understanding of how the various components of genocide studies connect Among the topics included are key conventions international treaties and covenants genocide early warning signals and forecasting risk data bases sanctions peacekeeping missions conflict resolution the International Criminal Court realpolitik vis vis the issue of genocide prevention and intervention key non governmental agencies key governmental and UN bodies working on these important issues In addition to the annotations Totten frames the bibliography with a major essay that introduces the reader to the subject of prevention and intervention of genocide raising a host of critical issues regarding the strengths weaknesses and limitations of various approaches germane to issues of managing these conflicts

The Use of Force and International Law Christian Henderson, 2023-11-09 Newly revised this textbook provides an authoritative conceptual and practical overview of international law governing the resort to force Following an introductory chapter with a section on the key issues in identifying the law and actual and potential changes to it the book addresses the breadth and scope of the prohibition of the threat or use of force and the meaning of force as the focus of this The book proceeds to address the use of force through the United Nations and regional organisations the use of force in peacekeeping operations the right of self defence and the customary limitations upon this right the controversial right of humanitarian intervention and forcible interventions in civil conflicts Updated to include greater focus on aspects such as cyber operations the threat of force and the human element to the use force as well as the inclusion of recent developments such as the 2022 Russian invasion of Ukraine it seeks to address the contemporary legal framework through the prism of contemporary challenges that it currently faces

R2P and the US Intervention in Libya Paul Tang Abomo, 2018-05-22 This book argues that the Responsibility to Protect R2P the Libyan people played an important role in the U S s decision to act both in terms of how the language of deliberation was framed and the implementation of the actual intervention once all preventive means had been exhausted While the initial ethos of the intervention followed international norms the author argues that as the conflict continued to unfold the Obama administration s loss of focus and lack of political will for post conflict resolution as well as a wider lack of understanding of ever changing politics on the ground resulted in Libya s precipitation into chaos By examining the cases of Rwanda and Darfur alongside the interventions in Kosovo Iraq and Afghanistan the book discusses how these cases influenced current decision making with regards to foreign interventions and offers a triangular framework

through which to understand R2P responsibility to prevent react and rebuild

American Exceptionalism Reconsidered David P. Forsythe, Patrice C. McMahon, 2016-11-25 Is the US really exceptional in terms of its willingness to take universal human rights seriously According to the rhetoric of American political leaders the United States has a unique and lasting commitment to human rights principles and to a liberal world order centered on rule of law and human dignity But when push comes to shove most recently in Libya and Syria the United States failed to stop atrocities and dithered as disorder spread in both places This book takes on the myths surrounding US foreign policy and the future of world order Weighing impulses toward parochial nationalism against the ideal of cosmopolitan internationalism the authors posit that what may be emerging is a new brand of American globalism or a foreign policy that gives primacy to national self interest but does so with considerable interest in and genuine attention to universal human rights and a willingness to suffer and pay for those outside its borders at least on occasion The occasions of exception such as Libya and Syria provide case studies for critical analysis and allow the authors to look to emerging dominant powers especially China for indicators of new challenges to the commitment to universal human rights and humanitarian affairs in the context of the ongoing clash between liberalism and realism The book is guided by four central questions 1 What is the relationship between cosmopolitan international standards and narrow national self interest in US policy on human rights and humanitarian affairs 2 What is the role of American public opinion and does it play any significant role in shaping US policy in this dialectical clash 3 Beyond public opinion what other factors account for the shifting interplay of liberal and realist inclinations in Washington policy making 4 In the 21st century and as global power shifts what are the current views and policies of other countries when it comes to the application of human rights and humanitarian affairs

International Law Malcolm N. Shaw, 2014-09-18 The definitive textbook on international law updated to reflect all case law and treaty developments

The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020 Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04 Volume III examines the most well known century of genocide the twentieth century Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity it continues with a survey of the genocide studies field racism and antisemitism The four parts cover the impacts of Racism Total War Imperial Collapse and Revolution the crises of World War Two the Cold War and Globalization Twenty eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe the Middle East Africa Asia and Latin America The cases range from the Armenian Genocide to Maoist China from the Holocaust to Stalin s Ukraine from Indonesia to Guatemala Biafra Bangladesh Cambodia Bosnia and Rwanda and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq The volume ends with a chapter on the strategies for genocide prevention moving forward

The United Nations Security Council and War Vaughan Lowe, Adam Roberts, Jennifer Welsh, Dominik Zaum, 2008-06-05 This is the first major exploration of the United Nations Security Council s part in addressing the problem of war both civil

and international since 1945 Both during and after the Cold War the Council has acted in a limited and selective manner and its work has sometimes resulted in failure It has not been and was never equipped to be the centre of a comprehensive system of collective security However it remains the body charged with primary responsibility for international peace and security It offers unique opportunities for international consultation and military collaboration and for developing legal and normative frameworks It has played a part in the reduction in the incidence of international war in the period since 1945 This study examines the extent to which the work of the UN Security Council as it has evolved has or has not replaced older systems of power politics and practices regarding the use of force Its starting point is the failure to implement the UN Charter scheme of having combat forces under direct UN command Instead the Council has advanced the use of international peacekeeping forces it has authorized coalitions of states to take military action and it has developed some unanticipated roles such as the establishment of post conflict transitional administrations international criminal tribunals and anti terrorism committees The book bringing together distinguished scholars and practitioners draws on the methods of the lawyer the historian the student of international relations and the practitioner It begins with an introductory overview of the Council s evolving roles and responsibilities It then discusses specific thematic issues and through a wide range of case studies examines the scope and limitations of the Council s involvement in war It offers frank accounts of how belligerents viewed the UN and how the Council acted and sometimes failed to act The appendices provide comprehensive information much of it not previously brought together in this form of the extraordinary range of the Council s activities This book is a project of the Oxford Leverhulme Programme on the Changing Character of War The Globalization of World Politics John Baylis, Steve Smith, Patricia Owens, 2011 Now in its fifth edition this title has been fully revised and updated in the light of recent developments in world politics with new chapters on the changing nature of war human security and international ethics **The United Nations, Peace and Security** Ramesh Thakur, 2016-12-13 Ending humanitarian atrocities has become as important for the United Nations as preventing interstate war This book examines the transformation of UN operations analysing its changing role and structure Ramesh Thakur asks why when and how force may be used and argues that the growing gulf between legality and legitimacy is evidence of an eroded sense of international community He considers the tension between the United States with its capacity to use force and project power and the United Nations as the centre of the international law enforcement system He asserts the central importance of the rule of law and a rules based order focused on the United Nations as the foundation of a civilised system of international relations This book will be of interest to students of the United Nations and international organisations in politics law and international relations departments as well as policymakers in governmental and non governmental international organisations *Fighting Hurt* Henry Shue, 2016-03-24 Some of our most fundamental moral rules are violated by the practices of torture and war If one examines the concrete forms these practices take can the exceptions to the rules necessary to either torture or war be

justified Fighting Hurt brings together key essays by Henry Shue on the issue of torture and relatedly the moral challenges surrounding the initiation and conduct of war and features a new introduction outlining the argument of the essays putting them into context and describing how and in what ways his position has modified over time The first six chapters marshal arguments that have been refined over 35 years for the conclusion that torture can never be justified in any actual circumstances whatsoever The practice of torture has nothing significant in common with the ticking bomb scenario often used in its defence and weak U S statutes have loop holes for psychological torture of the kind now favoured by CIA in the war against terrorism The other sixteen chapters maintain that for as long as wars are in fact fought it is morally urgent to limit specific destructive practices that cannot be prohibited Two possible exceptions to the UN Charter s prohibition on all but defensive wars humanitarian military intervention and preventive war to eliminate WMD are evaluated and one possible exception to the principle of discrimination Michael Walzer s supreme emergency is sharply criticized Two other fundamental issues about the rules for the conduct of war receive extensive controversial treatment The first is the rules to limit the bombing of dual use infrastructure with a focus on alternative interpretations of the principle of proportionality that limits collateral damage The second is the moral status of the laws of war as embodied in International Humanitarian Law It is argued that the current philosophical critique of IHL by Jeff McMahan focused on individual moral liability to attack is an intellectual dead end and that the morally best rules are international laws that are the same for all fighters Examining real cases including U S bombing of Iraq in 1991 the Clinton Administration decision not to intervene in the 1994 Rwandan genocide NATO bombing of Serbia in 1999 and CIA torture after 9 11 and its alternatives this book is highly accessible to general readers who are interested in the ethical status of American political life especially foreign policy

Rethinking the Just War Tradition Michael W. Brough, John W. Lango, Harry van der Linden, 2012-02-01 The just war tradition is an evolving body of tenets for determining when resorting to war is just and how war may be justly executed Rethinking the Just War Tradition provides a timely exploration in light of new security threats that have emerged since the end of the Cold War including ongoing conflicts in the Middle East threats of terror attacks and genocidal conflicts within states The contributors are philosophers political scientists a U S Army officer and a senior analyst at the Center for Defense Information They scrutinize some familiar themes in just war theory from fresh and original angles and also explore altogether new territory The diverse topics considered include war and the environment justice in the ending of war U S military hegemony a general theory of just armed conflict principles supreme emergencies the distinction between combatants and noncombatants child soldiers the moral equality of all soldiers targeted assassination preventive war right authority and armed humanitarian intervention Clearly written and free of jargon this book illustrates how the just war tradition can be rethought and applied today

Forces for Good Graeme Cheeseman, 2004 Forces for good develops and explores the concept of cosmopolitan militaries It examines how governments militaries and institutions have responded politically doctrinally and operationally to

claims that militaries have a new role in cosmopolitan law enforcement that allows and perhaps even requires the use of force to protect and defend those who are the victims of gross abuse of human rights The contributors include academics defence practitioners and serving military officers BOOK JACKET Russia, the West, and Military Intervention Roy Allison, 2013-05-09 A detailed and carefully structured study of Soviet Russian attitudes and responses to military interventions It explores cases from the Gulf War in 1990 to the intervention led by Western states in Libya in 2011

International Human Rights Jack Donnelly, Daniel J. Whelan, 2020-06-01 Fully updated the sixth edition of International Human Rights examines the ways in which states and other international actors have addressed human rights since the end of World War II This unique textbook features substantial attention to theory history international and regional institutions and the role of transnational actors in the protection and promotion of human rights Its purpose is to explore the difficult and contentious politics of human rights and how those political dimensions have been addressed at the national regional and especially international levels Key features include substantially revised throughout including new material on LGBTQ rights in Africa Indigenous peoples rights in Guatemala the Rohingya crisis in Myanmar and a new chapter on human rights and development in text features such as discussion questions suggested readings case studies and problems to promote classroom discussion and in depth examination of topics concise yet clearly organised and comprehensive coverage of the topic International Human Rights is essential reading for courses and modules in human rights politics and international relations law criminal justice sociology social work public administration and international development

Whispering the Secrets of Language: An Emotional Journey through **Saving Strangers Humanitarian Intervention In**

In a digitally-driven earth wherever displays reign supreme and quick interaction drowns out the subtleties of language, the profound secrets and mental subtleties concealed within phrases frequently go unheard. However, situated within the pages of **Saving Strangers Humanitarian Intervention In** a charming fictional prize pulsating with raw emotions, lies an exceptional quest waiting to be undertaken. Published by a talented wordsmith, this enchanting opus invites readers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within ab muscles fabric of each word. Within the psychological depths of the moving review, we shall embark upon a sincere exploration of the book is key themes, dissect its captivating publishing design, and succumb to the strong resonance it evokes strong within the recesses of readers hearts.

Saving Strangers Humanitarian Intervention In Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Saving Strangers Humanitarian Intervention In PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing

individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Saving Strangers Humanitarian Intervention In PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Saving Strangers Humanitarian Intervention In free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Saving Strangers Humanitarian Intervention In Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Saving Strangers Humanitarian Intervention In is one of the best book in our library for free trial. We provide copy of Saving Strangers Humanitarian Intervention In in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Saving Strangers Humanitarian Intervention In. Where to download Saving Strangers Humanitarian Intervention In online for free? Are you looking for Saving Strangers Humanitarian Intervention In PDF? This is definitely going to save you time

and cash in something you should think about.
