Adventist Interchurch Relations Stefan Hörschele, 2022-09-05 This study presents the first comprehensive analysis of Seventhday Adventist interchurch relations a 20 million member body whose ecumenical stance has so far been underresearched For the sake of interpreting denominational involvement and reservations in Adventism as well as beyond the study develops a new academic approach to ecumenism based on Relational Models Theory a comprehensive social science paradigm of interpreting human relationships The resulting typology of ecumenical interactions and the historical case study of Adventism suggest that such a relational interpretation of ecumenical interaction sheds light on many of the unresolved issues in ecumenics such as divergent concepts of unity difficulties in recognition processes and the permanence of denominationalism

Home-Based Care Ministry Judy Mathers, 2019-08-06 We live in a broken world with broken people Often it is easy to ignore the needs of the people around us But what would God want us to do In His ministry here on earth Jesus reached out to the most hurt most abused and most reviled members of His community He healed not only their bodies but their spirits Should we do any less The Seventh day Adventist Church has a unique opportunity to serve the hurting in their community through a Home Based Care ministry With our mission to love serve and teach and with the numerous church resources already available we can do what many others cannot be the safe haven of health and healing that God intends His church to be While this book focuses on ministry to individuals and their families dealing with HIV and AIDS the principles found here can be applied to anyone with a terminal illness who finds himself herself on the other side of accepted society It shows us that instead of being critical we should accept where people and their choices have led them doing our best to minister with the love and care of Jesus

Why Historical Phenomena Instigates Resistance to Female Clergy Joan Berry, 2016-09-18 Female church leaders gradually through history have become displaced in the church This study s aim was to examine why discrimination of female church leaders exists in addition to or unrelated to biblical beliefs It was anticipated that the research would provide historic events and literature that underpin the resistance to female leadership in the church

Unconventionality of Church Leadership, The Earlington Guiste, 2015-08-05 If you were to ask a room full of CEOs what the most important leadership trait is for an executive officer most would share such attributes as authoritative decisive knowledgeable dedicated tough tactical and dominant It is doubtful that any would say humility The challenge for many churches today is that church officers and leaders are trained to think in terms of secular leadership practices which are often void of servility The Unconventionality of Church Leadership It Works examines current business leadership principles and compares them with the exemplary leadership practices that Jesus displayed while here on earth By implementing a shepherd servant leadership model in our churches and executing a strategic plan that engages and utilizes the talents of all members Earlington Guiste seeks to inspire church members and leaders to carry out the great commission and fulfill the organismic nature of God s church

Contemporary history and progressive revelation regarding the Hebraic festivals are the basis for a renovation of the traditional historicist s house and its perception of recapitulation in the book of Revelation which does not disturb the historicist s view that the papacy is the Antichrist Under this new interpretation John s use of recapitulation was modest as compared with the traditionalist s view The new view correlates the prophecies and illustrations of the seven seals with our modern day market driven society the prophetic era of the Laodicean church the autumnal festivals and the the time of the end in Daniel 8 17 The correspondence of the apocalyptic horsemen of the seven seals with the historical accounts of the Protestant s rise to prominence and their termination of the churches influence in our modern day commerce is incendiary Moreover the correspondence pertaining to autumnal festivals regarding the final judgment and the apocalyptic horsemen of the seven seals is no less provocative As is the case of all such correlations that come to light through progressive revelation they become a blessing for the sons and daughters of God and a reproof for those who walk in darkness Revelation 1 3
