Maternal and Newborn Care Joanita De Kock, Christa Van der Walt, 2004 The midwife's role is examined in the community and family health context in this handbook on effective maternal and newborn care for midwives and other healthcare providers The skills, competencies and knowledge required to make informed decisions about neo and postnatal care are covered including anatomy and the physiology of reproduction high risk pregnancies and labor and birth Theoretical and practical issues illuminate a midwife's role in the prevention of illness in mothers and babies with attention to the unique challenges of midwifery in developing nations Insights from current research studies and critical questions about midwife practice will help those new to health care understand the unique challenges of this form of health service delivery *Juta's Manual of Nursing* Sophie Mataniele Mogotlane, 2005 2 Books the role of the nurse as a primary caregiver educator advisor and advocate of patient's rights and suggestions to enhance the patient nurse relationship The book is organised into two parts Part I Cross Systems and Part II The Systems **Juta's manual of nursing** Nelouise Geyer, Sophie Mataniele Mogotlane, Anne Young, 2009-02 Completely updated to include the latest developments in the field of Nursing Science this second edition covers the topics required for both Fundamental and General Nursing Science this makes it suitable for the categories of Nursing Auxiliary Staff Nurse and for the fundamentals of nursing for Professional Nurses The manual has a strong community based focus It introduces the nurse to the fundamentals of nursing and is extremely practical encouraging problem solving both in the clinic and in the community Each chapter has tutorial type questions to stimulate discussion and personal research Key Features This updated edition includes a chapter on the important topic of Informatics The text is outcomes based so that students understand the focus of each chapter Numerous line drawings expand on difficult concepts It covers the new curriculum therefore lecturers can be assured the book will meet their needs Summaries of key ethical and legal considerations in each chapter highlight these important aspects The content encourages the development of problem solving skills so that the nurse can deal with problems as they arise in the community clinic environment Self assessment and discussion topics throughout the text test what has been learnt **My career**, 1996 South African Human Sciences Research Networking Directory, 1996 *A Framework for Transformation* National Commission on Higher Education (South Africa), 1996 Contac, 1998 **Working with indigenous knowledge** Fhumulani M. Mulaudzi, Rachel T. Lebeso, 2022 The aim of the book is to assist both local and international scholars in articulating the scholarly discourse on indigenous health attitudes practices and experiences The indigenous lens that was used to generate and disseminate indigenous knowledge in this book will strengthen indigenous scholarship thus making it accessible to a wider audience In addition the information shared in this book will add value for scholars and assist them with the indigenous knowledge needed to address sustainable development goals This book is timeless and topical as the discourse on the decolonisation of the curriculum is widely debated in the higher education space The discourse on the scholarship of indigenous knowledge as

the tacit local knowledge that stems from cultural practices within communities has not been well articulated in the current health science education milieu Indigenous knowledge has remained overlooked and undermined for a very long time and the information remains untapped in local communities The scholars who conducted the research on which this book is based unearthed a wealth of knowledge which was tacit in nature and translated it into implicit knowledge that can be documented and shared with other scholars globally This knowledge will assist health care scholars in benefiting from knowledge practices and cultural beliefs that will assist them in health care planning teaching evidence based practice and further research *Questions and Replies of the National Assembly* South Africa.
