Casanova and Moretti the disciplinary relationship of World Literature to areas such as philology translation globalization and diaspora studies theoretical issues in World Literature including gender politics and ethics a global perspective on the politics of World Literature The forty eight outstanding contributors to this companion offer an ideal introduction to those approaching the field for the first time or looking to further their knowledge of this extensive field **The order for Evening prayer or Evensong, the text with brief notes and comm. and copious Scripture references, by H. Moody. (Prayer book comm.).** Evening prayer Order for,1898 Scoring Rubrics in the Classroom Judith Arter,Jay McTighe,2001 A practical guide to more effective assessment for improved student learning Learn how to be more consistent in judging student performance and help your students become more effective at assessing their own learning This book offers a practical approach to assessing challenging but necessary performance tasks like creative writing real world research projects and cooperative group activities Judith Arter and Jay McTighe experts in the field of assessment wrote Scoring Rubrics in the Classroom to help you achieve three main goals Clarify the targets of instruction especially for hard to define problem solving Provide valid and reliable assessment of student learning Improve student motivation and achievement by helping students understand the nature of quality for performances and products Each chapter is framed by an essential question and includes illustrative stories practical examples tips and cautions and a summary of key points and recommended resources for further information The resources section contains a wealth of rubrics to adopt or adapt Teachers and administrators will find this an essential resource in increasing teacher effectiveness and student performance Canon Law in the Age of Reforms (c. 1000 to C. 1150) Christof Rolker,2023-09-29 This monograph addresses the history of canon law in Western Europe between ca 1000 and ca 1150 specifically the collections compiled and the councils held in that time The main part consists of an analysis of all major collections taking into account their formal and material sources the social and political context of their origin the manuscript transmission and their reception more generally As most collections are not available in reliable editions a considerable part of the discussion involves the analysis of medieval manuscripts Specialized research is available for many but not all these works but tends to be scattered across miscellaneous publications in English German French Italian and Spanish one purpose of the book is thus to provide relatively uniform up to date accounts of all major collections of the period At the same time the book argues that the collections are much more directly influenced by the social milieu from which they emerged and that more groups were involved in the development of high medieval canon law than it has previously been thought In particular the book seeks to replace the still widely held belief that the development of canon law in the century before Gratian s Decretum ca 1140 was largely driven by the Reform papacy Instead it is crucial to take into account the contribution of bishops monks and other groups with often conflicting interests Put briefly local needs and conflicts played a considerably more important role than central papal reform on which older scholarship has largely focused Culturally and Socially Responsible Assessment Catherine S. Taylor,Susan Bobbitt

Nolen,2022 This book addresses a problem that affects the work of all educators how traditional methods of assessment undermine the capacity of schools to serve students with diverse cultural and social backgrounds and identities Anchored in a commonsense notion of validity this book explains how current K 12 assessment practices are grounded in the language experiences and values of the dominant White culture It presents a timely review of research on bias in classroom and large scale assessments as well as research on how students level of engagement influences their performances The author recommends practices that can improve the validity of students assessment performances by minimizing sources of bias using culturally responsive assessment tools and adopting strategies likely to increase students engagement with assessment tasks This practical resource provides subject specific approaches for improving the cultural and social relevance of assessment tools and offers guidance for evaluating existing assessment instruments for bias language complexity and accessibility issues Book Features Research based recommendations for improving assessment fairness validity and cultural social relevance Practices that have been shown to improve the effectiveness of classroom assessments in supporting student learning Concrete examples of how to create culturally relevant assessment tasks that target valued learning goals in language arts mathematics social studies and science classrooms Appendixes that provide tools educators can use to improve grading practices

Rating EFL Written Performance Katalin Bukta,2014-01-31 The study focuses on the investigation of the process during which raters of EFL written performance make their decisions It consists of a pilot and a main study each of which concentrates on assessment of writing The rationale is to detect the decision making processes that raters follow which can be used for training raters and with which the reliability of rating can be improved The pilot study is based on data collected during a large scale language proficiency assessment of two age groups from learners of English and German languages Raters were asked to think aloud during the rating task Data was then transcribed and analysed The participants in the main study were novice raters who produced verbal protocols 37 EFL teacher trainees took part in rater training and practised think aloud protocol production Then they evaluated ten compositions written by EFL learners and

verbalised their thought processes The verbal protocols served as a basis for data collection The analysis of data resulted in the conclusion according to which more reliable and objective assessment is possible when evaluating written performance
