

# Sample Argument Outline

The following is a basic outline of an argument essay. Keep in mind that this is only one kind of possible organization; there are several ways to structure an effective argument. Outlines can also vary in the amount of detail. Always check with your instructor if you are unsure about the organization of your essay. (Disclaimer: the following argument is used as an example and is not intended to represent the views of the UWC.)

## Introductory Section

**Thesis** (claim and reason): The American government should lift economic sanctions against Iraq, because this policy does more harm than good for both countries.

## Body Sections

### Section I

*Claim:* The sanctions have not accomplished their goal.

*Evidence:* logical appeal (facts, expert authority)

- Saddam Hussein is still in power
- other dictators have withstood sanctions (Fidel Castro)

### Section II

*Claim:* Rather than hurting Saddam, the sanctions only make life worse for the common people of Iraq

*Evidence:* logical appeal (statistics), ethical appeal (fair, humane), emotional appeal

- goes against American ideals of helping other people
- thousands of Iraqi children die each month sanctions continue
- restrictions on medicine and food hurt the poorest people first

### Section III

*Claim:* Lifting sanctions would benefit the American economy by increasing oil production

*Evidence:* logical appeal (facts), emotional appeal

- would cut down on gas and oil prices

### Section IV -- Dealing with the Opposition

*1st Opposing View:* Sanctions are necessary to prevent Iraq from supporting terrorists and becoming a regional problem again.

*Strategy for Response:* Concede that we want to prevent more conflict and stop terrorism...but we should lift sanctions gradually, and maintain a military presence in the area (compromise)

*2nd Opposing View:* Lifting sanctions would make the U.S. look weak.

*Strategy for Response:* It is the humane and fair action to take; also, sanctions contribute to hatred of the United States and encourage terrorist sentiment (rebuttal)

## Conclusion

End with a conclusion that suggests the larger importance of this issue, and why we should care. Create a final statement that is powerful and memorable.

# Sample Outline For Argumentative Research Paper

**Russ Ward**

## **Sample Outline For Argumentative Research Paper:**

**Essays and Arguments: A Handbook for Writing Student Essays** Ian Johnston, 2015-04-28 How does one help undergraduate students learn quickly how to produce effectively organized persuasive well reasoned essays This book offers a straightforward systematic introduction to some of the key elements of the construction of arguments in essay form The focus here is on practical advice that will prove immediately useful to students recommended procedures are emphasized and detailed examples of academic and student writing are provided throughout The book introduces the basics of argumentation before moving on to the structure and organization of essays Planning and outlining the essay writing strong thesis statements organizing coherent paragraphs and writing effective introductions and conclusions are among the subjects discussed A separate section concisely explores issues specific to essays about literary works     Elements of Argument Annette T. Rottenberg, Donna Haisty Winchell, 2011-08-03 Elements of Argument combines a thorough argument text on critical thinking reading writing and research with an extensive reader on both current and timeless controversial issues It presents everything students need to analyze research and write arguments Elements of Argument covers Toulmin Aristotelian and Rogerian models of argument and has been thoroughly updated with current selections students will want to read It now includes additional support for academic writing making it a truly flexible classroom resource An electronic edition is available at half the price of the print book Read the preface     *The Structure of Argument* Annette T. Rottenberg, Donna Haisty Winchell, 2011-08-03 The Structure of Argument covers critical thinking reading writing and research It is concise but thorough and presents everything students need in an affordable compact format The Structure of Argument includes questions exercises and writing assignments and a full semester s worth of readings Now presenting Aristotelian and Rogerian as well as Toulmin argument it includes many fresh readings and additional support for academic writing to help students stake their claim Its emphasis on Toulmin argument makes Structure highly teachable since the approach fits with the goals of the composition course An electronic edition is available at half the price of the print book

**Composition and Grammar** ENC1101 Editorial Board, 2022-06-15 We live in a world of words The way we interact with our fellow humans is very often based on the language that always surrounds us whether it be the messages we send the news we read or the assignments we complete in classes that give us the education intended to lead us to success What might be the best way to navigate the complexity of language especially in a first year composition course This book addresses these issues by presenting lessons examples and student samples through an approach that is friendly conversational and realistic Created by actual instructors of composition at HCC this book includes many resources to guide composition students of different skill levels In depth overviews of reading writing and revising Engaging exercises that anticipate and address the most common errors of writers Actual student samples that provide the basis of class discussions and analysis With guidance that includes both theory and practice Composition and Grammar for HCC by HCC provides

students with the skills they need for their educational goals their careers and their lives      Logical Argument in the Research Paper Russ Ward,1997 Logical Argument in the Research Paper operate son the premise that collegiate level writing when cast in its most significant and sophisticated form is argumentative Students are shown how writers examine a potential topic establish a stance upon that topic defend the stance avoid reasoning and ethical rrors and in general say something meaningful about the topic It also includes instruction about finding sources gathering information from them and correctly documenting them However the emphasis remains on how effective writers evaluate sources think about the information they discover prepare a fair and informed argument rethink and revise the argument and finally present an argument in its completed form Logical Argument in the Research Paper will help students learn some of the reasoning processes that all writers use when composing the academic argument      **Teaching the Annotated Bibliography** Cynthia A. Cochran,Luke Beatty,2022-09-06 This book informs instructors and librarians about the history aims and pedagogical uses of the annotated bibliography A companion to the authors Writing the Annotated Bibliography this text enables instructors to better understand the annotated bibliography not only as a tool for research and composition but also as a valuable pedagogical tool It provides practical guidance along with assignments lesson plans assessment rubrics and other tools for using annotated bibliographies in effective and nuanced ways It also contains annotated bibliography samples in APA MLA and Chicago styles This practical book is of great use to instructors of composition and research skills librarians curriculum designers writing center directors and education professionals      **Writing in Response** Matthew Parfitt,2011-12-23

Writing in Response is a flexible brief rhetoric that offers a unique focus on the critical practices of experienced readers analysis and reflection the skills at the heart of academic writing It helps students compose academic essays by showing how active reading and exploratory writing bring fresh ideas to light and how informal response is developed into polished documented prose Extensively class tested Writing in Response emphasizes the key techniques common to reading thinking and writing throughout the humanities and social sciences by teaching students the value of a social incremental and recursive writing process Read the preface      A Basic Concept of Research Scholar Students Dr. Biswajit Batabyal,2020-05-01 Coursework is designed to help students pose a question for their research and dissertation Courses can help doctoral candidates deeply explore one specific topic or narrow their list of interests for the dissertation Course based Masters Degrees are based on course modules taught through lectures lab work seminars or distance learning while research based Masters Degrees requires student to carry out their own research project in a specialized field of study

*The High School Student's Guide to Writing a Great Research Paper* Erika Eby,2013 Presents a guide to writing a research paper covering such topics as finding sources taking research notes creating an outline writing the first draft and completing the final version      *Writing Research Papers Across the Curriculum* Susan M. Hubbuch,2004 This handbook takes students through the steps and strategies of writing research papers in many disciplines It introduces two

documentation styles for the humanities and two for the social and natural sciences Discussions cover three types of research papers across the curriculum reports on studies and experiments review of literature papers and critical papers
