

WELCOME TO THE NEW SCHOOL YEAR & THE CLASSROOM OF

Dear Parents & Guardians,

I would like to introduce myself as your Room Parent for the year. I'm here to help our kids have the best year ever! I'll be working with the teacher in leading the planning efforts for parties, field trips, and other class and school-sponsored events. I sincerely welcome your help! :)

Please check periodically for invitations from SignUp.com, which I will use to ask for parent volunteer help and to collect donations for teacher gifts. (It's super easy to use, free, and doesn't require that you set up an account to participate – AND sends you automated reminders for all your commitments.)

I'm looking forward to getting to know you and your child better. Here's to a fun-filled and extra special year ahead!

SINCERELY,

members in lone parent families play as well as the different decisions made between families with girls and boys and those from different racial and ethnic groups

The Best Moms Don't Do it All Thomas Phelan PhD, 2022-08-16 The only book that gives you an actionable plan to reduce the emotional labor and mental load that comes with raising a busy family while trying to live your own life from a clinical psychologist and bestselling author Are you a mom who does it all This is the book for you It s impossible to deny most moms continue to do way more household work and childcare than most dads Working full time raising kids cooking dinner making sure every appointment and activity is lined up and that everyone gets there on time no wonder you re tired But despite all the books and articles lamenting the crushing mental load and emotional labor women bear for their families no one has come up with a plan to actually make things change Until now The Best Moms Don t Do it All is the first book that not only acknowledges the fact that moms are burning out but shows you how to transfer responsibility for daily tasks from yourself to your partner and also gasp your kids Clinical psychologist and child discipline expert Thomas W Phelan PhD explains how we got into this mess in the first place and how we can get out of it through a calm systematic approach to teaching our families how to take initiative and contribute in meaningful ways Dr Phelan walks you through real life situations and shows you how to step back from the things that are dragging you down For example Your Maternal Identity the things you tell yourself you have to do in order to be a good mom The oppressive trap of chronic supervision Our society s curious underestimation of children s capabilities How to eliminate primary childcare with tweens and teens How to manage resistant or traditionalist dads Realistic and simple enough to implement in your home right away The Best Moms Don t Do it All provides a roadmap for you to take your life back and proves that the happiest families share the work and the fun equally Previously published as The Manager Mom Epidemic *Still a Mother* Jackie Krasas, 2021-04-15 Jackie Krasas traces the trajectories of mothers who have lost or ceded custody to an ex partner She argues that these noncustodial mothers experiences should be understood within a greater web of gendered social institutions such as employment education health care and legal systems that shapes the meanings of contemporary motherhood in the United States If motherhood means being there then noncustodial mothers through their absence are seen as nonmothers They are anti mothers to be reviled At the very least these mothers serve as cautionary tales *Still a Mother* questions the existence of an objective method for determining custody of children and challenges the best interests standard through a feminist reproductive justice lens The stories of noncustodial mothers that Krasas relates shed light on marriage and divorce caregiving gender violence and family court Unfortunately much of the contemporary discussion of child custody determination is dominated either by gender neutral discussions or at the opposite end of the spectrum by the idea that fathers are severely disadvantaged in custody disputes As a result the idea that mothers always receive custody has taken on the status of common sense If this was true as Krasas affirms there would be no book to write
