Introduction

Attention Step:

- I. *(Gain audience's attention)* One day while Jim was enjoying one of his favorite hobbies, flying small airplanes, the airplane crashed and Jim suffered broken bones and serious burns over most of his body. He was rushed to the hospital and lives today only because of people like you.
- II. *(Reveal Topic)* People like you made a conscious decision to donate blood and it's their blood that has given Jim life. It is highly probably that you or someone you know will need a blood transfusion. According to Dr. Bianco, the President of America's Blood Centers, you are the new generation of donors—people in their late teens and early twenties. He says that this "new generation of donors is the key to our blood supply today and tomorrow."
- III. *(Establishment of Credibility)* Through extensive research and personal experience of giving blood, I have learned how important it is to donate blood.
- IV. *(Preview of Main Points)* After explaining the need for a sufficient blood supply, the donation process, and benefits of giving blood I hope you will decide to save people's lives by donating blood.
