Rules For Writing A Book:

Three Rules for Writing a Novel William Noble, 2011-05-01 In this one volume are personal selections by the author from his three classics *Steal this Plot*, *Make That Scene* and *Shut up He Explained*. Selecting parts of three of his previous books to guide you through the art of writing a novel William Noble starts by asking three questions: What's happening? Who am I? Where am I? and then uses the answers to create a solid foundation for developing a story. With this structure in place he demonstrates how to move on to motivating the story, establishing a sense of place and creating tension. Noble has added new material on developing characters and using point of view to help you get your story across. The what section dealing with plot motivators and story spicers and comprising a third of the book is worth the price alone. From an Amazon.com review
