Heinrich Rudolf Hertz (1857-1894) Joseph F. Mulligan,2018-12-07 This book first available in 1994 was published to commemorate the one hundredth anniversary of Heinrich Hertz s death at the terribly young age of thirty six The introductory biography together with eleven papers by Hertz and seven about him are intended to highlight the importance of Hertz s contributions to physics and at the same time to serve the needs of anyone interested in doing research on this highly gifted scientist **Age of the World** Richard Cunningham Shimeall,1842 *The Aldine Edition of the British Poets* ,1866 **Nichol's Library Edition of the British Poets** ,1864 From Obscurity to Enigma Ido Yavetz,2011-06-17 Oliver Heaviside s electromagnetic investigations from the publication of his first electrical paper in 1972 to the public recognition awarded to him by Lord Kelvin in 1889 have consistently attracted attention over the years and of late have become a major source for the study of the development of field theory after Maxwell From Obscurity to Enigma is the only comprehensive in depth analysis of Heaviside s work It analyses and elucidates his brilliant but often close to indecipherable Electrical Papers and traces the evolution of his ideas against the background of growing knowledge in basic electromagnetic theory telegraphy and telephony during these years The book will be appreciated by historians of science and technology in the late 19th and early 20th centuries and by physicists and electrical engineers many of whom are aware of Heaviside s contributions to their respective fields *The Sage's Way* Ray Grigg,2004 With uncommon insight The Sage s Way uses the tradition of Oriental wisdom to explore such common subjects as acceptance patience power self grace grief and laughter Think of its Prologue and 64 Chapters as the Eastern philosophical equivalent of Kahlil Gibran s The Prophet Each chapter is composed of a teaching and a commentary The teachings from a mysterious sage of Mount Shan are concise and dense somewhat like the enigmatic pronouncements that might come from a reclusive mystic The commentaries offered by Old Shu a remarkable hunchback living a life of contented simplicity are wonderfully sensible and wise somewhat like our own

deepest awareness when we are introspective honest trusting and intuitive The Sage s Way leads readers toward an awareness that will inspire inner strength and quiet serenity This is the best of Oriental wisdom the essence of both Taoism and Zen presented with a grounded clarity that is both deeply challenging and elegantly simple As such this book is likely to become a lifetime companion offering day to day guidance while providing poignant readings for special occasions Author of internationally sold books The Tao of Relationships The Tao of Being The Tao of Sailing Zen Brushpoems The Tao of Zen The New Lao Tzu Ray Grigg is eminently qualified to offer this work to those who are seeking a balanced and harmonious way through the sometimes bewildering challenges of ordinary life **Oregon Wilderness** ,1990 **Selections from the British Poets Chronologically Arranged from Chaucer to the Present Time ... With Introductions Explaining the Different Species of Poetry** IRELAND [Ireland -1922]. Commissioners of National Education,1855 **Untying the Mother Tongue** Antonio Castore,Federico Dal Bo,2023-09-04 Untying the Mother Tongue explores what it might mean today to speak of someone s attachment to a particular primary language Traditional conceptions of mother tongue are often seen as an expression of the ideology of a European nation state Yet current celebrations of multilingualism reflect the recent demands of global capitalism raising other challenges The contributions from international scholars on literature philosophy and culture analyze and problematize the concept of mother tongue rethinking affective and cognitive attachments to language while deconstructing its metaphysical capitalist and colonialist presuppositions **“The” British Poets** ,1871
