Hemingway, Anne Felton**

Sage Act Pro 2015 User Guide:

A Handbook for Student Nurses, third edition Wendy Benbow, Gill Jordan, Anneyce Knight, Sara White, 2021-08-09 A Handbook for Student Nurses is widely recommended in institutions across the UK and is essential reading for new students. The book provides an introduction to the essential background knowledge that pre-registration nursing students need as a foundation for their training. This third edition has been thoroughly revised to reflect the new NMC standards of proficiency for registered nurses and the most recent update of the NMC Code. It also features a completely new chapter on health promotion and incorporates the very latest developments in nurse education and in the health service. A Handbook for Student Nurses covers the core of first year nursing studies: Practice supervision and assessment; Communication; Legal and professional issues; Values, ethics and cultural awareness; Reflection and personal development; Quality care and evidence-based practice; Study skills; Public health and promoting health and wellbeing. An excellent introductory text for student nurses written in a clear and illuminative style. Lecturer Adult Nursing

The Best Interests Assessor Practice Handbook Rachel Hubbard, Kevin Stone, 2022-10-25 The Best Interests Assessor BIA Practice Handbook is firmly grounded in real life practice and remains the only textbook focusing directly on the BIA role. Offering clear and practical advice on the legal elements of the role and the values and practice elements of working within the Deprivation of Liberty Safeguards DoLS framework, this is essential reading for BIA students and practitioners. This fully updated edition takes account of recent legislative changes including the planned changes from the Liberty Protection Safeguards LPS, recent case law and the impact of the COVID 19 pandemic on BIA practice. Packed with advice on delivering effective person-centred rights-driven practice, it includes case studies, legal summaries, decision-making activities, CPD support, examples of new case law in practice. Looking forward, the book considers the new context for practice in the Approved Mental Capacity Professional AMCP role within the LPS and the potential roles that BIAs might fulfil in this new framework in the future.

Using the Law in Social Work Robert Johns, Jacqueline Harry, 2022-11-23 A core function of social work is to assist, empower and protect the most vulnerable in society. Social workers make difficult decisions in complex and challenging situations every day. They work in organizations that have clear statutory duties. Therefore, it is essential that social work students know what their responsibilities are. Familiarity with law, legislation and legal processes is consequently fundamental to sound social work practice. This best-selling book will help you gain this foothold in understanding law as it applies to social work practice. It avoids complicated legal jargon remote from the everyday realities of practice, offering instead a grounding in legally appropriate rights-based social work. It covers the full range of social work law, including services for children and families and child protection, adult care law, youth justice, court work, professional regulation and human rights.
