Baptists and Worship R. Scott Connell, 2020-11-30 Worship is dialogue It is more than that but it is not less than that The way Baptists have worshiped for three and a half centuries demonstrates this consistently in spite of their penchant for freedom and autonomy No one tells Baptists how to order their worship services They don t have a common liturgy that they must follow and yet their services look remarkably similar This is largely due to two controlling factors in their worship The Bible that they embrace as inspired inerrant authoritative and sufficient and the Christ revealing gospel that is contained within its pages When the word of God is followed closely a shape for worship order begins to emerge It is the same gospel shape that is found throughout the Bible When the word of God is applied to a worship service in which God and his people are engaged in a worship conversation a consistent contour of gospel elements and content begins to emerge that reveals the glory of the Christ we gather to worship He is so glorious that when we behold him we are transformed into the same image from one degree to another This is the power of corporate worship 2 Cor 3

BOOK JACKET *Testing Pluralism* , 2013-06-20 This volume of the Religion and the Social Order series examines the phenomenon of the globalization of religions that has particularly characterized the last fifty years Historically religions were relatively tightly connected with territoriality The advent of relatively inexpensive and relatively accessible air transport has made it possible for groups of significant size to move from their original homelands and resettle in new sites In contrast to predictions associated with secularization theories that dominated the middle of the twentieth century today we find that the world s religions continue to provide meaning and value in the lives of their adherents This volume examines at a global level
