

Council goals defined

In a collaborative effort to support inclusion across all HCC Colleges, the Diversity and Inclusion Council has outlined the District D&I Goals for interpretation and implementation by campus constituents and local diversity committee members. With the support of the Chancellor's Operations Team, the following identified goals were presented to the Board of Trustees on February 28:

1. HCC will promote the exploration and understanding of culture, diversity and inclusion by providing in-depth training and experiences that promote skills development resulting in cultural competency.
2. HCC will support a process for the development of Diversity Resource Groups (DRGs) that engage all stakeholders and affirm the goals of the HCC D&I District Plan.
3. HCC will be a champion of accessibility by establishing standards that adhere to both the spirit and letter of the ADA.
4. HCC will promote a learning culture that insures teamwork, communication, appreciation and accountability.
5. HCC will have a diverse, skilled workforce that strives to reflect the diversity of the community that it serves, and it will provide opportunity and pathways for all employees to grow and advance in their professions.

A deadline date of June 1, 2013 has been established for the college and district to identify objectives that support the D&I Goals. Get involved, today.

Announcing upcoming Campus Diversity Forums

Beginning this fall, campus Diversity Forums will be held at each of the six (6) HCC colleges and district. The purpose of the forums will be to update students, faculty, staff and administrators of the progress made by the D&I Council – conveying goals and significant milestones, in addition to obtaining input for recommendations for implementation of established goals within the campus.

We encourage all campus leaders and constituents to attend as each forum is designed to actively engage attendees in a respectful cultural dialogue, benefiting all college community stakeholders. Look for forum publication advertisements this fall for campus locations, dates and times.

Thank you for your support

The committee members of the Diversity & Inclusion Council would like to thank the entire HCC Community for their unwavering commitment to the mission and purpose of what we as a committee strive to achieve. Without you volunteering your time and dedication, our work could not be as impactful as it has been thus far.

We look forward to doing much more to usher in a continuous culture of opportunity, education and advancement for all walks of life. Again, from all of us, we say thank you.

Newsletter Summer 2013 Calgary Board Of Education:

Leadership Matters Anne W. Ackerson, Joan H. Baldwin, 2013-12-26 Today's history and cultural heritage museum leaders are part visionary and part foot soldier but what makes them tick? Are their attitudes, philosophies and skills that set some people apart from the thousands charged with moving institutions forward? What lessons can we draw from their stories? Now more than ever, success as a museum leader doesn't necessarily come with longevity, scholarship or curatorial achievement. In fact, today's successful leaders often bring myriad skills to the table, creating a style that works both personally and professionally. This snapshot of museum leadership focuses in particular on history and cultural heritage organizations to help readers understand the power of individual leadership and its relationship to organizational strength. This book features 36 interviews with leaders in the field from a range of positions and institutions, 10 myths of museum leadership and why they're wrong, 10 simple truths of museum leadership, Leadership agenda with criteria and goals for individual and organizational development. Using personal insights of the history museum field's most engaging, innovative and entrepreneurial leaders, Leadership Matters profiles what makes inspiring leadership in 21st-century institutions. These profiles focus not only on history museum presidents, directors and CEOs but also on the leaders within: deputies, vice presidents and department heads as well as their counterparts in the boardroom. Ackerson and Baldwin have brought together a resource to help individuals and institutions move from the status quo to being innovative and influential.

Understanding Deradicalization Daniel Koehler, 2016-11-10 This book provides a comprehensive guide to the different aspects of deradicalization theories, programs and methods. It analyzes the practical and theoretical aspects of deradicalization programs and the methods being employed to bring extremists and terrorists back to a non-violent life. The book includes in-depth case studies on programs and former extremists, including interviews with former German neo-Nazis and families of Jihadists who have received deradicalization counselling. Using a coherent theory of radicalization and deradicalization, it integrates existing programs into a typology and methodology regarding the effects and concepts behind deradicalization. In addition, a current state-of-the-art assessment of deradicalization programs around the world provides a collection of programs and landscapes worldwide. It thereby functions as a unique guide for practitioners and policymakers in need of evaluation or construction of such programs as well as a resource pool for academics interested in research about deradicalization programs and processes. The major aim of this book is to consolidate the existing scholarship on deradicalization and to move the field forward by proposing a coherent theory of deradicalization, including ways to measure effectiveness, standard methods and procedures, different actors of such programs and cooperation on national and international level. In essence, this work enables the reader to identify how, when and why deradicalization programs work, how they can be built and structured and to identify their limitations. This book will be of interest to students of radicalisation, counter-terrorism, radical Islam, criminology, security studies and IR.
