

## The Moment

The moment when, after many years  
of hard work and a long voyage  
you stand in the centre of your room,  
house, half-acre, square mile, island, country,  
knowing at last how you got there,  
and say, I own this,

is the same moment when the trees unloose  
their soft arms from around you,  
the birds take back their language,  
the cliffs fissure and collapse,  
the air moves back from you like a wave  
and you can't breathe.

No, they whisper. You own nothing.  
You were a visitor, time after time  
climbing the hill, planting the flag, proclaiming.  
We never belonged to you.  
You never found us.  
It was always the other way round.

passionate poems by the author Paul Counselis      **A Concordance to the Poems of Emily Dickinson** S. P. Rosenbaum, 2019-06-30 A Concordance to the Poems of Emily Dickinson is the third volume in the distinguished series Cornell Concordances Like the others it was programmed on an IBM 704 electronic computer and provides an alphabetical list of all significant words each word given in context In order to provide variants it was based on Thomas H Johnson's three volume edition of all the known texts of Emily Dickinson's poems Included are an analytical preface by the editor and an index of words in the order of frequency      **The Poetry of Tennyson** Henry Van Dyke, 1891      **Autobiographical Poetry in England and Spain, 1950-1980** Menotti Lerro, 2017-03-07 The volume traces the founding critical theories of the autobiographical genre from the Enlightenment period to the most recent developments which since the Sixties and the essays of Roy Pascal and Jean Starobinski have had a greater and greater influence It offers in contrast to the essential and by now classic definition of Philippe Lejeune an increased effectiveness of the poem to express the narrative purposes of autobiography recognizing poetic writing that has the extraordinary ability to say what the mortal language does not say to quote Leopardi The works of Seamus Heaney Thom Gunn Carlos Barral and Jaime Gil de Biedma are analyzed here and show an unveiling of the self through memories places and objects that often characterize them and that allow to whomever recalls one's own experience through writing the recovery and restoration of essential meanings to the reconstruction not only of subjective identity but also of one's own community      Three Philosophical Poets: Lucretius, Dante, and Goethe, critical edition, Volume 8 George Santayana, 2019-08-13 Santayana's argument for the unity of philosophy and poetry This concise and compelling volume described by Santayana as a piece of literary criticism together with a first broad lesson in the history of philosophy introduces Santayana's thought in the rich context of a European poetic tradition that demonstrates his broad conception of philosophy Rejecting both the Platonic opposition of philosophy and poetry and more recent attempts to reduce philosophy to science Santayana argues that philosophy and poetry at their best are united in articulating a comprehensive vision of the world that permits honest contemplation of the universe He considers the ideal visions of three artists Lucretius's naturalism provides a total perspective on the physical world but renders experience monotonous Dante's supernaturalism provides a total perspective on experience but subordinates nature to morality Goethe's romanticism provides a dramatic perspective on nature and experience but lacks totality Santayana sees each as the best in his own way though none is best in all ways and he speculates that the ideal poet would integrate the gifts and insights of all three resulting in rational art of which philosophical poetry is a prime example This critical edition volume VIII of The Works of George Santayana includes notes textual commentary lists of variants and emendations an index and other tools useful to Santayana scholars      **The Classical Mythology of Milton's English Poems** Charles Grosvenor Osgood,      *The Classical Mythology of Milton's English Poems* Charles Grosvenor Osgood, 1900      **A Russo-Japanese War Poem** Jane H. **Three Philosophical Poets** George Santayana,2012-04-16 I am no specialist in the study of Lucretius I am not a Dante scholar nor a Goethe scholar My excuse for writing about them notwithstanding is merely the human excuse which every new poet has for writing about the spring They have attracted me they have moved me to reflection they have revealed to me certain aspects of nature and of philosophy which I am prompted by mere sincerity to express if anybody seems interested or willing to listen The modesty exhibited in the above disclaimer from Santayana's preface to *Three Philosophical Poets* should be viewed in the context of the author's extraordinary impact as a philosopher and teacher The *Sense of Beauty* has claim to being the first major work on aesthetics written in the United States the multivolume *The Life of Reason* is arguably the first extended analysis of pragmatism anywhere Among Santayana's many well known Harvard students Wallace Stevens has acknowledged a clear debt to his work Based on a course Santayana taught at Harvard *Three Philosophical Poets* was first delivered to the public as a series of lectures at Columbia University in 1910 Santayana's lifelong learned meditation on the relationship between philosophy and art is apparent Santayana's own prose style has long been considered among the most eloquent in all of philosophy Here he discusses the chief phases of European philosophy naturalism supernaturalism and romanticism as they are set forth and epitomized by the works of Lucretius Dante and Goethe respectively Praise for *Three Philosophical Poets* and its author A brilliant and admirable little book T S Eliot The exquisite and memorable way in which he has always said things has given so much delight that we accept what he says as we accept our own civilization His pages are part of the *douceur de vivre* Wallace Stevens Santayana was the real excitement for me at Harvard especially *Three Philosophical Poets* It really fixed my view of what poetry should ultimately be Conrad
