Young Warrior's Devotional Coloring Book Elder Marion Minors, 2022-10-27 Children today need more than just Bible stories to stand in their faith in God. Instead, they need inspiration designed to encourage them to develop a deeper relationship with the Lord. In an inspirational presentation, seasoned church youth leader Marion Minors shares quotes, scripture, and short tales that guide children to apply biblical truths to grow their faith, live their daily lives the best way possible, and adhere to the moral principles that God desires to promote His kingdom. Through her tales, children will learn how to follow the rules, trust God, love their neighbors, share God's love, obey His commands, and much more. Every Age, Every Stage Ken Hindman, Landry Holmes, Jana Magruder, 2021-10-12 Today's parents feel ill-equipped to spiritually train and educate their preschoolers, elementary kids, and teenagers. Based on the principle that kids and teens learn and comprehend concepts differently as they grow in maturity, *Every Age Every Stage* provides an age-suitable discipleship approach, equipping parents to teach their children biblical truths from the ten concept areas of God, Jesus, Holy Spirit, Bible, Salvation, Creation, Church, People, Family, and Community, and World. The wise discipleship plan presented in *Every Age Every Stage* is known as Levels of Biblical Learning. This framework for babies through teens was developed over a period of several years by thought leaders in preschool, kids, student, and next-gen ministries. Levels of Biblical Learning has been taught at workshops, colleges, and seminaries and incorporated in Bible Study curriculum. The book also will assist ministry leaders and teachers as they prepare a vision for their ministries and teach biblical concepts in the classroom, putting children and teens on the right path to a life of growth in biblical knowledge.

Herald and Presbyter, 1906 *Generative Trance* Stephen Gilligan, 2012-10-25 This book describes an entirely new way of conducting hypnotherapeutic interventions Stephen Gilligan's generative trance The first generation of trance work the traditional hypnosis that still holds sway in most places considers that both the conscious mind and the unconscious mind of the client are to put it bluntly idiots So trance work involves first knocking out the conscious mind and then talking to the unconscious mind like a 2 year old that needs to be told how to behave Milton Erickson created the second generation of trance work He approached the unconscious as having creative wisdom and each person as extraordinarily unique Thus rather than trying to programme the unconscious with new instructions Erickson saw trance as an experiential learning state where a person's own creative unconscious could generate healing and transformation At the same time Erickson for the most part carried the same low opinion of the conscious mind Thus Ericksonian hypnosis looks to bypass the conscious mind with indirect suggestions and dissociation and depotentiate it with confusion techniques *Rise and Shine! the Early*
