Observatory Mansions English Edition:

Observatory Mansions Edward Carey, 2010-02-24 Easily the most brilliant fiction I've seen this year it proves the potential brilliance of the novel form John Fowles author of *The Magus* *Observatory Mansions* once the Orme family's magnificent ancestral home set on beautiful grounds is now a crumbling apartment block stranded on a traffic island peopled with eccentrics Thirty seven year old Francis Orme lives in *Observatory Mansions* with his peculiar parents and a collection of misfits By day he is a street performer earning money as a statue of whiteness in the park wearing white gloves to ensure that his skin never touches anything He steals items for his museum of significant objects 996 in all not for their monetary value but because they have been loved often bringing grief to their erstwhile owners His bedridden mother Alice who has created for herself an alternative time frame called fiction and his father Francis are among the occupants set apart from the rest of the busy city by their histories their memories and their relationships with the other seven inhabitants of the flats Each of the house dwellers has his or her own story as seen through Francis's eyes and the careful routine and harmony of the house are shaken when along comes a new resident the half blind vulnerable Anna Tap She is sympathetic and resourceful and slowly the desperately lonely residents begin to open up their long closed hearts As the delicate balance of *Observatory Mansions* begins to shift Francis finds himself having to protect the secrets of his past and the sanctity of his collection while growing emotionally closer to Anna Hailed as no less than a tour de force *Observatory Mansions* is a debut novel of immense originality a strangely haunting landscape occupied by compelling and unforgettable characters

Observatory Mansions Edward Carey, 2002-02-26 Along with his parents and other equally maladjusted misfits and eccentrics Francis Orme lives in *Observatory Mansions* once a magnificent ancestral home with beautiful grounds now a crumbling apartment block In a blocked off corridor of the basement is Francis's Exhibition a carefully catalogued and private display of hundreds of items he has stolen all of them once precious to their original owners But the arrival of a new tenant upsets the delicate balance of *Observatory Mansions* and Francis finds himself taking drastic measures to protect the secrets of his past the sanctity of his collection and his mission of love

The Tears of Things Peter Schwenger, 2006 We surround ourselves with material things that are invested with memories but can only stand for what we have lost Physical objects such as one's own body situate and define us yet at the same time they are fundamentally indifferent to us The melancholy of this rift is a rich source of inspiration for artists Peter Schwenger deftly weaves together philosophical and psychoanalytical theory with artistic practice Concerned in part with the act of collecting *The Tears of Things* is itself a collection of exemplary art objects literary and cultural attempts to control and possess things including paintings by Georgia O'Keeffe and Ren Magritte sculpture by Louise Bourgeois and Marcel Duchamp Joseph Cornell's boxes Edward Gorey's graphic art fiction by Virginia Woolf Georges Perec and Louise Erdrich the hallucinatory encyclopedias of Jorge Luis Borges and Luigi Serafini and the corpse photographs of Joel Peter Witkin However these representations of objects perpetually fall

short of our aspirations Schwenger examines what is left over debris and waste and asks what art can make of these What emerges is not an art that reassembles but one that questions what it means to assemble in the first place Contained in this catalog of waste is that ultimate still life the cadaver where the subject object dichotomy receives its final ironic reconciliation Peter Schwenger is professor of English at Mount St Vincent University in Halifax Nova Scotia He is the author of *Fantasm and Fiction On Textual Envisioning Letter Bomb Nuclear Holocaust and the Exploding Word and Phallic Critiques Masculinity and Twentieth Century Literature* *The King's English* Betsy Burton, 2005 A unique and fascinating memoir traces the history of a famed Salt Lake City bookstore as it survives attempts at censorship the onslaught of chain superstores and more including dozens of Top 25 reading lists on a wide variety of topics *Athenaeum and Literary Chronicle*, 1852

English Mechanics, 1923 **How to see Bristol: a guide** James Fawcckner Nicholls, 1889 Mary Somerville and the World of Science Allan Chapman, 2014-08-26 Mary Somerville 1780-1872 after whom Somerville College Oxford was named was the first woman scientist to win an international reputation entirely in her own right rather than through association with a scientific brother or father She was active in astronomy one of the most demanding areas of science of the day and flourished in the unique British tradition of Grand Amateurs who paid their own way and were not affiliated with any academic institution Mary Somerville was to science what Jane Austen was to literature and Frances Trollope to travel writing Allan Chapman's vivid account brings to light the story of an exceptional woman whose achievements in a field dominated by men deserve to be very widely known How to See Bristol. (with Map). James Fawcckner Nicholls, 1885

Betty Ford Lisa McCubbin Hill, 2019-04-23 From the 1 New York Times bestselling author of *Five Presidents and The Kennedy Detail* comes an insightful and beautifully told look into the life of one of the most public and admired first ladies Publishers Weekly Betty Ford First Lady Women's Advocate Survivor Trailblazer is the inspiring story of an ordinary Midwestern girl thrust onto the world stage and into the White House under extraordinary circumstances Setting a precedent as First Lady Betty Ford refused to be silenced by her critics as she publicly championed equal rights for women and spoke out about issues that had previously been taboo breast cancer depression abortion and sexuality Privately there were signs something was wrong After a painful intervention by her family she admitted to an addiction to alcohol and prescription drugs Her courageous decision to speak out publicly sparked a national dialogue and in 1982 she co-founded the Betty Ford Center which revolutionized treatment for alcoholism and inspired the modern concept of recovery Lisa McCubbin also brings to light Gerald and Betty Ford's sweeping love story from Michigan to the White House until their dying days their relationship was that of a man and woman utterly devoted to one another other a relationship built on trust respect and an unquantifiable chemistry Based on intimate interviews with her children Susan Ford Bales and Steven Ford as well as family friends and colleagues Betty Ford is a vivid picture of a singularly influential woman Bookpage Stillness in a Mobile World David Bissell, Gillian Fuller, 2013-01-11 This edited collection of essays on the conceptual political and

philosophical importance of stillness is positioned within a world that has increasingly come to be understood through the theoretical and conceptual lens of movement. With contributions from leading scholars in the field, the diversity of this collection illuminates the multiplicity of ontological and epistemological registers through which stillness moves from human geography to media studies, cultural theory to fine arts. With the help of luminaries such as Deleuze, Bergson, Barthes, and Beckett, this book interweaves cutting edge theoretical insight with empirical illustrations which examine and traverse a multitude of practices, spaces, and events. In an era where stasis, slowness, and passivity are often held to be detrimental, this collection puts forward a new set of political and ethical concerns which help us to come to terms with, understand, and account for our mobile life. *Stillness in a Mobile World* is an essential source of reference for both undergraduate and postgraduate students working within disciplines such as cultural studies, sociology, mobility studies, and human geography.

Jungfrau Mary Watson, 2007. The Caine prize is Africa's leading literary prize and is awarded to a short story by an African writer published in English. Each year the winning story, *Jungfrau* by Mary Watson from South Africa, is the 2007 winner and the short-listed entries are collected and published in one volume. This is a diverse and stimulating collection from some of Africa's best writers.

The Democrats' Dilemma Steven M. Gillon, 1995-02-16. What does Walter Mondale's career reveal about the dilemma of the modern Democratic party and the crisis of postwar American liberalism? Steven M. Gillon's answer is that Mondale's frustration as Jimmy Carter's vice president and his failure to unseat the immensely popular President Reagan in 1984 reveal the beleaguered state of a party torn apart by generational and ideological disputes. *The Democrats' Dilemma* begins with Mondale's early career in Minnesota politics from his involvement with Hubert Humphrey to his election to the United States Senate in 1964. Like many liberals of his generation, Mondale traveled to Washington hopeful that government power could correct social wrongs. By 1968, urban unrest, a potent white backlash, and America's involvement in the Vietnam war dimmed much of his optimism. In the years after 1972, as senator, as vice president, and as presidential candidate, Mondale self-consciously attempted to fill the void after the death of Robert Kennedy. Mondale attempted to create a new Democratic party by finding common ground between the party's competing factions. Gillon contends that Mondale's failure to create that consensus underscored the deep divisions within the Democratic Party. Using previously classified documents, unpublished private papers, and dozens of interviews, including extensive conversations with Mondale himself, Gillon paints a vivid portrait of the inner workings of the Carter administration. *The Democrats' Dilemma* captures Mondale's frustration as he attempted to mediate between the demands of liberals intent upon increased spending for social programs and the fiscal conservatism of a president unskilled in the art of congressional diplomacy. Gillon discloses the secret revelation that Mondale nearly resigned as vice president. Gillon also chronicles Mondale's sometimes stormy relationships with Jesse Jackson, Gary Hart, and Geraldine Ferraro. Eminently readable and a means of access to a major twentieth-century political figure, *The Democrats' Dilemma* is a fascinating look at the travail of American liberalism.
