making government related information more transparent in Chile to exploring how digital technologies have the potential to revolutionize the lives of people with sensory disabilities The contributions in Global Information Inequalities address a number of core professional issues including access to information library services collection development global collaboration intellectual property and digital information The contributors are from Argentina Canada Chile China Iceland Malaysia Peru South Africa Tanzania United States and Zambia thereby providing a wide range of perspectives on librarianship Written in a simple thorough and multidisciplinary approach the book presents and discusses key issues in various library settings and from different perspectives Overall this work contributes to a global examination and exploration of libraries in various parts of the world This book has a wide appeal and is applicable to various library environments including academic public and special libraries Provides readers with an overview of possibilities for equitable library service delivery in a global context Provides readers with numerous examples and case studies particularly useful for practitioners Examples also provide unique examinations of country specific issues in a global context

**Encyclopedia of Library and Information Sciences** John D. McDonald, Michael Levine-Clark, 2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance

**Computing with T.Node Parallel Architecture** D. Heidrich, J.C. Grossetie, 2012-12-06 Parallel processing is seen today as the means to improve the power of computing facilities by breaking the Von Neumann bottleneck of conventional sequential computer architectures By defining appropriate parallel computation models definite advantages can be obtained Parallel processing is the center of the research in Europe in the field of Information Processing Systems so the CEC has funded the ESPRIT Supemode project to develop a low cost high performance multiprocessor machine The result of this project is a modular reconfigurable architecture based on NMOS transputers T Node This machine can be considered as a research industrial and commercial success The CEC has decided to continue to encourage manufacturers as well as research and end users of transputers by funding other projects in this field This book presents course papers of the Eurocourse given at the Joint Research Centre in ISPRa Italy from the 4th to 8 of November 1991 First we present an overview of various trends in the design of parallel architectures and specially of the T Node with its software development environments new distributed system aspects and also new hardware extensions based on the NMOS T9000 processor In a second part we review some real case applications in the field of image synthesis image processing signal processing terrain modeling particle physics simulation and also enhanced parallel and distributed numerical methods on T Node

**Global**

**Perspectives on Children's Health Literacy** Rosie Nash, Vaughan Cruickshank, Shandell Elmer, 2024-08-27 This book examines global perspectives of health literacy development to explore the intersections between health education and community settings International health literacy experts provide a collection of important insights and recommendations that are urgently required to inform practice and policy The impetus for this book is a growing recognition that a siloed approach to supporting health and health literacy exists in many countries This book addresses a gap in the international literature by presenting solutions that promote ongoing collaboration across settings to redress inequity and optimize global health Identifying intersections between the settings is critically important to supporting these collaborations Health literacy is the ability to find use evaluate and apply information to look after our health Developing the personal asset of health literacy earlier in life influences adult health behaviours A Health in All Policies approach has been globally endorsed however a health literacy in all settings approach is yet to be realised As a social determinant of health health literacy can determine health outcomes educational attainment social equity and productivity The authors investigate the health literacy development of children and their communities within particular regions exploring whether health literacy is addressed as a health education or community issue They describe where silos exist between and within settings aiming to highlight areas where health literacy is present This helps identify challenges and opportunities for optimizing health literacy development Global Perspectives on Children's Health Literacy is essential reading for public health and health promotion researchers and practitioners primordial prevention researchers policy makers health and education ministers community service ministers youth organisations librarians school teachers health and physical education teachers school nurses child and parenting services nurses paediatricians and allied health professionals who work with children and families e.g. social workers speech pathologists dietitians

**See MIPS Run** Dominic Sweetman, 2010-07-08 See MIPS Run Second Edition is not only a thorough update of the first edition it is also a marriage of the best known RISC architecture MIPS with the best known open source OS Linux The first part of the book begins with MIPS design principles and then describes the MIPS instruction set and programmers resources It uses the MIPS32 standard as a baseline the 1st edition used the R3000 from which to compare all other versions of the architecture and assumes that MIPS64 is the main option The second part is a significant change from the first edition It provides concrete examples of operating system low level code by using Linux as the example operating system It describes how Linux is built on the foundations the MIPS hardware provides and summarizes the Linux application environment describing the libraries kernel device drivers and CPU specific code It then digs deep into application code and library support protection and memory management interrupts in the Linux kernel and multiprocessor Linux Sweetman has revised his best selling MIPS bible for MIPS programmers embedded systems designers developers and programmers who need an in depth understanding of the

MIPS architecture and specific guidance for writing software for MIPS based systems which are increasingly Linux based Completely new material offers the best explanation available on how Linux runs on real hardware Provides a complete updated and easy to use guide to the MIPS instruction set using the MIPS32 standard as the baseline architecture with the MIPS64 as the main option Retains the same engaging writing style that made the first edition so readable reflecting the authors 20 years experience in designing systems based on the MIPS architecture **Bulletin of the Free Public Library Commission** Vermont. Free Public Library Commission,1906 Scaling Global Change Erin Ganju,Cory Heyman,2018-03-21 Grow your start up into a global influence with real world impact Scaling Global Change provides social entrepreneurs with the strong organizational foundation they need to change the world Through the story of Room to Read one of the fastest growing nonprofits in the last 18 years this book features clear real world lessons for growing a non profit or social enterprise with special insight into girls education and literacy programming in lower income countries By outlining theories of program operational and system level change the discussion delves into the meat of the entrepreneurial spirit and applies it directly to everyday strategic decisions The book begins with an overview of essential communication vision and execution fundamentals and then dives into a discussion of metrics monitoring planning leadership and more Clear guidance on internal operations fundraising team building management and other central topics provides a roadmap for new and experienced leaders while further exploration of influence strategy and government funding relates the wisdom of experience from the perspective of a successful organization Cross the chasm from start up to mature organization with worldwide impact Gain insight into the theoretical and practical underpinnings of nonprofit success Adopt new perspectives on effectiveness excellence and influence Translate ideas into action in a way that will change the world Social entrepreneurship has taken off more than ever and the market is crowded with optimistic leaders wanting to change the world How do you differentiate your organization from the pack How can you stand out stand up and make a real impact These lessons are gained through experience and building a strong organizational culture Room to Read has treaded this path and found itself at the heights of success With Scaling Global Change you reap the benefit of experiential lessons while applying them to the success of your own organization All Royalties from the sale of Scaling Global Change will be donated directly to Room To Read **Library Services for Children and Young People** Carolynn Rankin,Avril Brock,2012-11-23 A vision for children s library services in the next decade This book provides a sound background to all aspects of library provision for 6 18 year olds It is designed to support the strategic planning and delivery of library services and programmes at a local community level or in schools The book outlines a vision for children s library services in the next decade and carves out a strategy for engaging with the challenges and opportunities for children s librarians and policy makers in the Google environment This book is accessible informative and inspiring and offers practitioners the knowledge ideas and confidence to work in partnership with other key professionals in delivering services and programmes It provides an evidence base which promotes

and encourages the development of effective library services for children and young people The case studies scenarios and vignettes drawn from UK and international sources show that the key issues have an international dimension and the similarities and differences in service provision will be of interest to many In addition to the two editors chapters are contributed by a range of internationally known practitioners and academics offering a wide perspective Case studies at the end of each section complement themes and practices from previous chapters while rooting the discussion in a specific context The book is organized into four parts Children s library services policy people and partnerships Connecting and engaging reaching your audience and catching the latest wave acknowledging the role of technology Buildings design and spaces libraries for children and young people Issues for professional practice Readership This book is essential reading for all senior library practitioners children s librarians and school librarians subject co ordinators and managers in schools It will also be of value for all postgraduate students on CILIP accredited library and information management courses Global Library and Information Science Ismail Abdullahi,2009-05-05 This book presents international librarianship and library science through insightful and well written chapters contributed by experts and scholars from six regions of the world The role of public academic special school libraries as well as library and information science education are presented from the early development to the present time Its lively readable approach will help the reader to understand librarianship in Africa Asia Australia and New Zealand Europe Latin America and the Caribbean the Middle East and North America Edited by Ismail Abdullahi Professor of Global Library and Information Science this book is a must read by library science students and teachers librarians and anyone interested in Global Librarianship **Proceedings of the Sixth ACM SIGPLAN International Conference on Functional Programming (ICFP '01), Florence, Italy, September 3-5, 2001** ,2001
