**100 Things We've Lost to the Internet** Pamela Paul,2021-10-26 The acclaimed editor of The New York Times Book Review takes readers on a nostalgic tour of the pre Internet age offering powerful insights into both the profound and the seemingly trivial things we ve lost NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND THE DALLAS MORNING NEWS A deft blend of nostalgia humor and devastating insights People Remember all those ingrained habits cherished ideas beloved objects and stubborn preferences from the pre Internet age They re gone To some of those things we can say good riddance But many we miss terribly Whatever our emotional response to this departed realm we are faced with the fact that nearly every aspect of modern life now takes place in filtered isolated corners of cyberspace a space that has slowly subsumed our physical habitats replacing or transforming the office our local library a favorite bar the movie theater and the coffee shop where people met one another s gaze from

across the room Even as we ve gained the ability to gather without leaving our house many of the fundamentally human experiences that have sustained us have disappeared In one hundred glimpses of that pre Internet world Pamela Paul editor of The New York Times Book Review presents a captivating record enlivened with illustrations of the world before cyberspace from voicemails to blind dates to punctuation to civility There are the small losses postcards the blessings of an adolescence largely spared of documentation the Rolodex and the genuine surprises at high school reunions But there are larger repercussions too weaker memories the inability to entertain oneself and the utter demolition of privacy 100 Things We ve Lost to the Internet is at once an evocative swan song for a disappearing era and perhaps a guide to reclaiming just a little bit more of the world IRL
