

A high-angle photograph shows a person's legs and hands as they work on the roof of an RV. The person is wearing dark trousers and is holding a heat gun, which is pointed at a section of the roof. The roof surface is light-colored and appears to be made of a composite material, possibly fiberglass or rubber. There are some dark, irregular patches on the roof, suggesting areas of damage or wear. A small, square, light-colored object, possibly a vent or a small hatch, is visible on the roof. A white pipe or vent is also visible on the right side of the roof. The overall scene is brightly lit, suggesting it is daytime.
