**Writing and Race** Tim Youngs, 2017-07-28 Writing and Race brings together specially commissioned essays by new and established authors from a range of disciplines. Texts are drawn from subjects and genres that include philosophy, politics, anthropology, sexuality, travel, fiction, and autobiography. Through a time span from Ancient Greece to the present day and a geographical coverage from Australia and Europe to the Caribbean and the United States, the collection investigates the importance of place, moment, cultural formation, and subject identity in racial representation. A substantial introduction establishes the connections between the essays and lucidly summarizes recent thinking on race, explaining in particular the relevance of debates about ethnography. Accessible and stimulating, Writing and Race is a multidisciplinary collection that will be of interest to students, researchers, and lecturers who study or are interested in race. The essays represent a variety of critical approaches, thus allowing the reader to compare and contrast the benefits of each approach. Extracts of some of the texts that are discussed are included along with an extensive bibliography to encourage further study.

**The Oxford Guide to Literature in English Translation** Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more. In the English-speaking cultures, many of the most important texts are translations from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies, there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Korean, from Swahili to Russian. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text, e.g. poetry, oral literature. The second, much longer part consists of entries grouped by language of origin; some are devoted to individual texts, e.g. the Thousand and One Nights, or writers, e.g. Ibsen, Proust, but the majority offer a critical overview of a genre, e.g. Chinese poetry, Spanish Golden Age drama, or of a national literature, e.g. Hungarian, Scottish Gaelic. There is a selective bibliography for each entry and an index of authors and translators.

**Translating Women** Luise von Flotow, 2011-03-08 Feminist theory has been widely translated, influencing the humanities and social sciences in many languages and cultures. However, these theories have not made as much of an impact on the discipline that made their dissemination possible. Many translators and translation scholars still remain unaware of the practices, purposes, and

possibilities of gender in translation Translating Women revives the exploration of gender in translation begun in the 1990s by Susanne de Lotbinière Harwood's *Re belle et infidèle* The Body Bilingual 1992 Sherry Simon's *Gender in Translation* 1996 and Luise von Flotow's *Translation and Gender* 1997 Translating Women complements those seminal texts by providing a wide variety of examples of how feminist theory can inform the study and practice of translation Looking at such diverse topics as North American chick lit and medieval Arabic Translating Women explores women in translation in many contexts whether they are women translators women authors or women characters Together the contributors show that feminist theory can apply to translation in many new and unexplored ways and that it deserves the full attention of the discipline that helped it become internationally influential

**Shakespeare in the Theatre: Patrice Chéreau** Dominique Goy-Blanquet, 2018-04-19 Patrice Chéreau 1944-2013 was one of France's leading directors in the theatre and on film and a major influence on Shakespearean performance He is internationally known for memorable productions of both drama and opera His life-long companionship with Shakespeare began in 1970 when his innovative *Richard II* made the young director famous overnight and caused his translator to denounce him publicly as an iconoclast for a production mixing music hall circus and pantomime After this break Chéreau read Shakespeare's texts assiduously line by line and word by word with another renowned poet Yves Bonnefoy Drawing on new interviews with many of Chéreau's collaborators this study explores a unique theatre maker's interpretations of Shakespeare in relation to the European tradition and to his wider body of work on stage and film to establish his profound influence on other producers of Shakespeare

**Black Poets in French** Marie Collins, 1972

**Diplomacy and Nation-Building in Africa** Mélanie Torrent, 2012-04-11 Cameroon stands as a remarkable example of nation building in the aftermath of European domination Split between the French and British empires after World War I it experienced a unique drive for self-determination at the turn of the 1960s culminating in both independence from European power and the reunification of two of its divided territories This book investigates the influence of foreign policy on nation building in West Africa in the context of both the Cold War and European integration Shedding fresh light on the challenges of bridging the political economic and linguistic divide that France and Britain had left Mélanie Torrent explores the evolution of a nation charting both Cameroon's importance in Franco-British relations and Cameroon's use of bilateral and multilateral diplomacy in asserting its independence This work should be essential reading for students of African studies International Relations and the post-colonial world

**Translated Poe** Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any U.S. writers are as important to the history of world literature as Edgar Allan Poe and few if any U.S. authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have

done Rather the volume demonstrates how Poe s translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe s translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature Building a Profession Lionel Gossman, Mihai I.

Gagnon, 2014-09-24 For thirty years Alain G Gagnon has

been one of the world s leading experts on federalism and multinational democracies In Minority Nations in the Age of Uncertainty he presents an articulate and accessible introduction to the ways in which minority nations have begun to empower themselves in a global environment that is increasingly hostile to national minorities Comparing conditions in Quebec Catalonia and Scotland Gagnon offers six interrelated essays on national minorities processes of accommodation and autonomy and self determination within a modern democratic context Based on a long career of scholarly study and public engagement he argues that self determination for these nations without states is best achieved through intercultural

engagement and negotiation within the federal system rather than through independence movements Already translated into fifteen languages from the original French *Minority Nations in the Age of Uncertainty* is an essential text on the theory of multinational federalism and the politics of minority nations This edition also features a foreword by noted political scientist and philosopher James Tully that discusses the significance of Gagnon's work

***The Catholic Church and the Dutch Bible*** Els Agten, 2020-03-02 In *The Catholic Church and the Bible From the Council of Trent to the Jansenist Controversy 1564-1733* Els Agten studies the impact of Jansenism and anti-Jansenism on the ideas regarding vernacular Bible reading and Bible production in the Low Countries in the sixteenth and seventeenth centuries The book provides a review of book censorship during this time Furthermore it analyses the ideas and the writings of ten protagonists including theologians Bible translators ecclesiastical authorities and representatives of Port Royal In particular the author demonstrates how even as their opponents took a more cautious position the Jansenists encouraged the laity including women and children to read the Bible without any restrictions

**Enlightenment and Secularism** Christopher Nadon, 2013-04-18 *Enlightenment and Secularism* is a collection of twenty-eight essays that seek to understand the connection between the European Enlightenment and the emergence of secular societies as well as the character or nature of those societies The contributors are drawn from a variety of disciplines including History Sociology Political Science and Literature Most of the essays focus on a single text from the Enlightenment borrowing or secularizing the format of a sermon on a text and are designed to be of particular use to those teaching and studying the history of the Enlightenment within a liberal arts curriculum

**Resources in Education**, 2000

**Rome the Sorceress** André Frénaud, 1996 First known for his war-time poems written from a German labour camp notably his sombre reworkings of the myth of the Magi André Frénaud 1907-1993 is one of the most searching of French poets His work is structured by a sense of quest which gives it its labyrinthine patterns underground tensions and fractured inventive forms His poetry has an epic and tragic dimension spurred by an urge for transcendence it refuses false paradises arrivals and notions of reconciliation *Rome the Sorceress* 1973 is Frénaud's richest and most disturbing confrontation with the hidden life of myths and the sacred probing the themes of time inheritance revolt illusions of divinity fathers mothers and the insatiable monuments of language which pretend to grapple with this weight of experience Poetry Book Society Recommended Translation

**Cajun Literature and Cajun Collective Memory** Mathilde Köstler, 2022-12-19 How does Cajun literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture Known for its hybrid constitution and deeply ingrained oral traditions Cajun culture provides an ideal testing ground for investigating the collective memory of a group In particular francophone and

anglophone Cajun texts by such writers as Jean Arceneaux Tim Gautreaux Jeanne Castille Zachary Richard Ron Thibodeaux Darrell Bourque and Kirby Jambon reveal not only a shift from an oral to a written tradition They also show hybrid perspectives on the Cajun collective memory Based on recurring references to place the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references The Cajun collective memory is thus defined by a transnational outlook a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture Cajun Literature and Cajun Collective Memory represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory
