*African-American Perspectives and Philosophical Traditions* John Pittman, John P. Pittman, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time

*History in Black* Yaacov Shavit, 2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic Roman period to the 19th century Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next Such passing on of cultural traits from the ancient model from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history

**Hartford's Ann Plato and the Native Borders of Identity** Ron Welburn, 2015-04-21 Who was Ann Plato Apart from circumstantial evidence there's little information about the author of *Essays Including Biographies and Miscellaneous Pieces in Prose and Poetry* published in 1841 Plato lived in a milieu of colored Hartford Connecticut in the early nineteenth century Although long believed to have been African American herself she may also Ron Welburn argues have been American Indian like the father in her poem *The Natives of America* Combining literary criticism ethnohistory and social history Welburn uses Plato as an example of how Indians in the Long Island Sound region adapted and prevailed despite the contemporary rhetoric of Indian disappearance This study seeks to raise Plato's profile as an author as well as to highlight the dynamics of Indian resistance and isolation

that have contributed to her enigmatic status as a literary figure

### **Narratives of African American Women's Literary**

**Pragmatism and Creative Democracy** Gregory Phipps, 2018-11-02 This book charts an interdisciplinary narrative of literary pragmatism and creative democracy across the writings of African American women from the works of nineteenth century philosophers to the novels and short stories of Harlem Renaissance authors The book argues that this critically neglected narrative forms a genealogy of black feminist intersectionality and a major contribution to the development of American pragmatism Bringing together the philosophical writings of Maria Stewart Anna Julia Cooper and Mary Church Terrell and the fictional works of Jessie Fauset Nella Larsen and Zora Neale Hurston this text provides a literary pragmatist study of the archetypes tropes settings and modes of resistance that populate the narrative of creative democracy Above all this book considers how these philosophers and authors construct democracy as a lived experience that gains meaning not through state institutions but through communities founded on relationships among black women and their shared understandings of culture knowledge experience and rebellion

*Against Happiness* Owen Flanagan, Joseph E.

LeDoux, Bobby Bingle, Daniel M. Haybron, Batja Mesquita, Michele Moody-Adams, Songyao Ren, Anna Sun, Yolonda Y.

Wilson, 2023-05-09 The happiness agenda is a worldwide movement that claims that happiness is the highest good happiness can be measured and public policy should promote happiness *Against Happiness* is a thorough and powerful critique of this program revealing the flaws of its concept of happiness and advocating a renewed focus on equality and justice Written by an interdisciplinary team of authors this book provides both theoretical and empirical analysis of the limitations of the happiness agenda The authors emphasize that this movement draws on a parochial Western centric philosophical basis and demographic sample They show that happiness defined as subjective satisfaction or a surplus of positive emotions bears little resemblance to the richer and more nuanced concepts of the good life found in many world traditions Cross cultural philosophy comparative theology and social and cultural psychology all teach that cultures and subcultures vary in how much value they place on life satisfaction or feeling happy Furthermore the ideas promoted by the happiness agenda can compete with rights justice sustainability and equality and even conceal racial and gender injustice *Against Happiness* argues that a better way forward requires integration of cross cultural philosophical ethical and political thought with critical social science Ultimately the authors contend happiness should be a secondary goal worth pursuing only if it is contingent on the demands of justice

*African American Bioethics* Lawrence J. Prograis Jr., Edmund D. Pellegrino, 2007-05-03 Do people of

differing ethnicities cultures and races view medicine and bioethics differently And if they do should they Are doctors and researchers taking environmental perspectives into account when dealing with patients If so is it done effectively and properly In *African American Bioethics* Lawrence J Prograis Jr and Edmund D Pellegrino bring together medical practitioners researchers and theorists to assess one fundamental question Is there a distinctive African American bioethics The book's contributors resoundingly answer yes yet their responses vary They discuss the continuing African American experience with

bioethics in the context of religion and tradition work health and U S society at large finding enough commonality to craft a deep and compelling case for locating a black bioethical framework within the broader practice yet recognizing profound nuances within that framework As a more recent addition to the study of bioethics cultural considerations have been playing catch up for nearly two decades African American Bioethics does much to advance the field by exploring how medicine and ethics accommodate differing cultural and racial norms suggesting profound implications for growing minority groups in the United States

**The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West** Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King s moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West s vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society

**Speech Is My Hammer** Max A. Hunter, 2022-09-30 With *Speech Is My Hammer* Max Hunter draws on memoir and his own biography to call his readers to reimagine the meaning and power in literacy Defining literacy as a spectrum of skills abilities attainments

and performances Hunter focuses on dispelling literacy myths and discussing how Black male artists entertainers professors and writers have described their own literacy narratives in self conscious ambivalent terms Beginning with Frederick Douglass s My Bondage My Freedom W E B Dubois s Soul of Black Folks and Langston Hughes s Harlem Renaissance memoir The Big Sea Hunter conducts a literary inquiry that unearths their double consciousness and literacy ambivalence He moves on to reveal that for many contemporary Black men the arc of ambivalence rises even higher and becomes more complex following the civil rights and the Black Power movements and then sweeping sharply upward once again during the War on Drugs Hunter provides rich illustrations and probing theses that complicate our commonsense reflections on their concealed angst regarding Black authenticity respectability politics and masculinity Speech Is My Hammer moves the reader beyond considering literacy in normative terms to perceive its potential to facilitate transformative conversations among Black males

*The Oxford Handbook of Indigenous American Literature* James H. Cox, Daniel Heath Justice, 2014-07-31 Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical, and tribal nation contexts from which these Indigenous literatures emerge. *The Oxford Handbook of Indigenous American Literature* reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction, and other forms of Indigenous American writing from the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing, for example, analyses of Inuit, Chicana/o, Anishinaabe, and Métis literary practices. Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non-fiction, emergent trans-Indigenous autobiography, Mexican and Spanish poetry, Native drama in the U.S. and Canada, and even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism, trans-Indigenism, Native rhetoric, and the power of Indigenous writing to communities of readers. A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory, the Red Atlantic, the far North, Yucatán, Amerika Samoa, and Francophone Quebec. Together, the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date. It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts, secondary archives, writing traditions, literary histories, geographic and political contexts, and critical discourses in the field.
