Defining Identity and the Changing Scope of Culture in the Digital Age Novak, Alison, El-Burki, Imaani Jamillah, 2016-05-19 Since the popularization of Internet technologies in the mid 1990s human identity and collective culture has been dramatically shaped by our continued use of digital communication platforms and engagement with the digital world. Despite a plethora of scholarship on digital technology, questions remain regarding how these technologies impact personal identity and perceptions of global culture. *Defining Identity and the Changing Scope of Culture in the Digital Age* explores a multitude of topics pertaining to selfhood, self-expression, human interaction, and perceptions of civilization and culture in an age where technology has become integrated into every facet of our everyday lives. Highlighting issues of race, ethnicity, and gender in digital culture, interpersonal and computer-mediated communication, pop culture, social media, and the digitization of knowledge, this pivotal reference publication is designed for use by scholars, psychologists, sociologists, and graduate-level students interested in the fluid and rapidly evolving norms of identity and culture through digital media.

Assessment, Evaluation, and Accountability in Adult Education Lilian H. Hill, 2023-07-03 This book is intended to help practitioners in adult education become better informed about assessment, evaluation, and accountability as these are critical functions of administering and running adult education programs. The book is for adult educators who have been asked to serve on assessment committees, produce detailed reports for funders and accreditors, create a culture of assessment within their program and organization, and/or develop reports for accountability purposes. Section one presents an introductory overview of assessment and evaluation in adult education. Section two gives guidance on practices for specific areas of adult education practice such as military education, human resource development, and continuing professional education. Section three provides assessment practices for adults in higher education, with chapters dedicated to distance learning, health professions education, and graduate education. **Political Economy and Religion** Gilbert Faccarello, 2020-04-28 Ever since Antiquity, reflections about economic problems have always been intertwined with questions relating to politics, ethics, and religion. From the 18th century onwards, economic thought seemed to have been gradually disentangled from any other field and to have gained the status of an autonomous scientific discipline, especially with the later use of mathematics. In fact, the growth of economic knowledge never broke off any ties with these other fields, and especially with religion and ethics, even though the links with them became less obvious; they only changed shape. This is what this book illustrates, each chapter dealing with different periods and authors from the Middle Ages to the present times. Focusing in turn on the thought of the Scholastics, Ibn Rushd, Averroes, John Calvin, the French liberal Jansenists, Dugald Stewart, David Ricardo, Henri de Saint-Simon, Charles de Caux, and French Christian Political Economy, Auguste Comte, and Émile Durkheim, Henry Sidgwick, Arthur Cecil Pigou, and finally John Maynard Keynes, the studies collected here show how religious themes played an important role in the development of economic thought. This book was originally published as a
