conditions which differ quite substantially from the dominant OECD model of innovation policy for development and welfare. This Research Handbook contributes to the debate by looking at how innovation theory, policy and practice interact and explains different types of configurations in countries that are characterized by two contrasting but mutually reinforcing features: systemic failure and resourcefulness. Focusing on innovation governance and public policies, it aims to understand related governance failures and to explore options for alternative, more efficient approaches.

Communicate Science Papers, Presentations, and Posters Effectively Gregory S. Patience, Daria C. Boffito, Paul Patience, 2015-09-03

Communicate Science Papers, Presentations, and Posters Effectively is a guidebook on science writing and communication that professors, students, and professionals in the STEM fields can use in a practical way. This book advocates a clear and concise writing and presenting style, enabling users to concentrate on content. The text is useful to both native and non-native English speakers. The book includes chapters on the publishing industry, discussing bibliometrics, h-indexes and citations, plagiarism, and how to report data properly. It also offers practical guidance for writing equations and provides the reader with extensive practice material consisting of both exercises and solutions. Covers how to accurately and clearly exhibit results, ideas, and conclusions. Identifies phrases common in scientific literature that should never be used. Discusses the theory of presentation, including before and after examples, highlighting best practices. Provides concrete step-by-step examples on how to make camera-ready graphs and tables.
