Thomas O. McGarity, 2022-05-17 The first comprehensive account of the Trump administration's efforts to destroy our government institutions by the man Ralph Nader says writes authoritatively and with revealing detail about important topics that few others cover Tom McGarity writes authoritatively and with revealing detail about important topics that few others cover Ralph Nader Koch Industries spent \$3.1 million in the first three months of the Trump administration largely to ensure confirmation of Scott Pruitt as head of the EPA By July 2018 more than sixteen federal inquiries were pending into Pruitt's mismanagement and corruption But Pruitt was just the first in a long line of industry friendly incompetent and destructive

agency heads put in place by the Trump administration in its effort to dismantle the federal government's protective edifice. Remember Secretary of the Interior Ryan Zinke who before he faced eighteen separate federal inquiries and was fired made a deal with Halliburton to build a brewery on land that Zinke owned in Montana. Or how about Transportation Secretary Elaine Chao who rescinded requirements that high hazard trains install special braking systems weakened standards for storing natural gas and lengthened the hours that truck drivers could be on the road without a break even as she failed for two years to divest her interest in a road materials manufacturer. And then there were Rick Perry Betsy DeVos Sonny Perdue Andrew Puzder the list goes on. In an original and compelling argument Thomas McGarity shows how adding populists to the Republican's traditional base of free market ideologues and establishment Republicans allowed Trump to come dangerously close to achieving his goal of demolishing the programs that Congress put in place over the course of many decades to protect consumers workers communities children and the environment. Finally McGarity offers a blueprint for rebuilding the protective edifice and restoring the power of the American government to offer all Americans better lives.

Regret the Error Craig Silverman, 2007. By pinpointing numerous categories of media errors Silverman illustrates the media's carelessness that can be funny and shocking and often disturbing journalistic slip ups. The errors are often hilarious while others are calamitous and even tragic.
