I have not come to a full solution to this problem yet, but I did make changes in my life as to how I can manage time management. I found that it was easier for me to focus on homework if I was outside my dorm room, because when in my dorm, I would usually mess around on the internet or take naps. Wendell Geis, continuing education administrator, University of California, Davis **First-Person Journalism** Martha Nichols, 2021-11-11 A first-of-its-kind guide for new media times, this book provides practical, step-by-step instructions for writing first-person features, essays, and digital content. Combining journalism techniques with self-exploration and personal storytelling, *First-Person Journalism* is designed to help writers develop their personal voice and establish a narrative stance. The book introduces nine elements of first-person journalism: passion, self-reporting, stance, observation, attribution, counterpoints, time travel, the mix, and impact. Two introductory chapters define first-person journalism and its value in building trust with a public now skeptical of traditional news media. The nine practice chapters that follow each focus on one first-person element, presenting a sequence of voice lessons with a culminating writing assignment, such as a personal trend story or an open letter. Examples are drawn from diverse nonfiction writers and journalists, including Ta-Nehisi Coates, Joan Didion, Helen Garner, Alex Tizon, and James Baldwin. Together, the book provides a fresh look at the craft of nonfiction, offering much-needed advice on writing with style, authority, and a unique point of view. Written with a knowledge of the rapidly changing digital media environment, *First-Person Journalism* is a key text for journalism and media students interested in personal nonfiction, as well as for early-career nonfiction writers looking to develop this narrative form.
