

CS5.0 WIRELESS OFFICE HEADSET SYSTEM

QUICK START USER GUIDE

WELCOME

Thank you for selecting the CS5.0 Wireless Office Headset System from Plantronics. You have made the right choice for comfort and versatility.

This system allows your telephone to use a cordless Plantronics headset through an adapting base. It offers hands-free convenience and long-range cordless mobility. With the use of an optional handset liner, the user can remotely receive the telephone's ring alert and can answer the call by simply pushing the talk button on the headset.

This side of the guide has the important Safety Instructions that should be read prior to set up and use of your system. The quick start part on the other side identifies the components, has five steps to get you started, and test the system.

Most telephones will work with little or no adjustments. This system is not designed to work with phones which have the dial pad built into the handset.

The Product Information Booklet in all languages is online at: <http://www.plantronics.com/documents.htm>

Choose your preferred language and the Plantronics model number "CS5.0" to access complete user documentation. Review the Quick Start Guide and the Product Information Booklet which has more on the system's operation, adjustments, and troubleshooting.

IMPORTANT SAFETY INSTRUCTION

When using your telephone equipment these basic safety precautions should be followed to reduce the risk of fire, electric shock, and injury to persons.

1. Read and understand all instructions.
2. Follow all warnings and instructions marked on the product. The symbol  identifies and alerts the user to the presence of important operating, safety, and service instructions.
3. This product contains gold-plated nickel, phosphor bronze and copper. If you experience a skin irritation, discontinue use and contact Plantronics.
4. Keeping this product from the wall outlet before cleaning. Do not use liquid cleaners or aerosol cleaners. Use a damp cloth for cleaning.
5. Do not locate this product near water, for example, near a bathtub, or sink, in a wet basement or near a swimming pool.
6. This product should never be placed near or over a radiator or heat register. It should not be placed in a built-in installation unless proper ventilation is provided.
7. Do not allow anything to rest on the power cord. Do not locate this product where persons walking on it will damage the cord.

See full instructions inside manual.

BATTERY PRECAUTIONS

To reduce the risk of fire or injury to persons, read and follow these instructions.

1. Use only the battery pack supplied with this product. Plantronics part number 64099-01.
2. Do not dispose of battery pack in a fire. The cells may explode. Check with local codes for possible disposal instructions.
3. Do not open or mutilate battery pack. Released electrolyte is caustic and may cause damage to eyes or skin and may be toxic if swallowed.
4. Exercise care in handling the battery pack in order not to short the battery contents with conducting materials such as keys, bracelets, and coins. The battery or conductor may overheat and cause burns.
5. Charge the battery pack in accordance with instructions supplied with this unit.
6. Observe proper orientation between battery pack and charger contacts.
7. Never allow children to play with the headset/adaptor-small parts may be a choking hazard. Batteries can be swallowed by children and are dangerous if swallowed. Always store and dispose of batteries where children can't reach them.

The Plantronics Technical Assistance Center (TAC) is ready to assist you! Dial (800) 544-4466 x5558 Monday 9 a.m. through Friday 5 p.m. Pacific Time or visit the Support section of our website at www.plantronics.com. For accessibility information also visit the Technical Assistance Center.

SAVE THESE INSTRUCTIONS

SAFETY INSTRUCTIONS (continued)

8. Do not overload outlets and extension cords as this can result in risk of fire or electric shock.
9. Never disassemble or push objects of any kind into the product as this may short out parts which could result in a fire or electric shock. Never spill liquid of any kind on the product.
10. Use caution when installing or modifying telephone lines.
11. This product is intended to be powered by a Listed Class 2 Driver Plug-in Power Unit rated 1WDC 800mA, Plantronics Part No. 45581-02, rated at an input voltage of 120 VAC, 50/60Hz and an output voltage of 9 VDC at 800mA.
12. This product requires AC power in order to operate. In order to have phone service during a power outage, have another telephone available that is powered only by the telephone line.
13. Keep all product cords and cables away from operating machinery.
14. Avoid using telephone equipment during an electrical storm.
15. Do not use this equipment to report a gas leak in the vicinity of a gas leak.

FCC REGISTRATION INFORMATION

FCC Requirements—Part 15.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the radio or television off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that of the receiver.
4. Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Information

This device and its antenna must not be used or located or operated in conjunction with any other antenna or transmitter. In compliance with FCC RF exposure requirements, only use approved antennas. Any unauthorized modification to the antenna or device could void the user's warranty to operate this device.

On the bottom of the base unit of this equipment is a label that contains a product identifier in the format USFARXXXXX. If TRX, it is required, this information must be provided to your telephone company. If this equipment causes harm to the telephone network, the telephone company will notify you in advance that corrective action on your part may be required. If it advises notice isn't practical, the telephone company will notify the customer as soon as possible. Also, you will be advised of your right to file a complaint with the FCC if you believe it is necessary.

The telephone company may make changes in its facilities, equipment, operations or procedures that could affect the proper functioning of your equipment. If they do, you will be notified in advance in order for you to make necessary modifications to maintain uninterrupted service. If trouble is experienced with this unit, for repair or warranty information, please contact your dealer or service at the address and phone listed in the Warranty section of this User's Guide.

INDUSTRY CANADA NOTICE

Notice: This equipment meets the applicable Industry Canada Technical Equipment Specifications. This is certified by the registration number 1456666-01. Before the registration number appears, this registration was performed based on a Declaration of Conformity indicating that Industry Canada technical specifications were met. It does not imply that Industry Canada approves the equipment. The Industry Canada registration number is located in the bottom of the unit. Before installing this equipment, users should ensure that it is properly installed. The user should be advised using an appropriate method of installation. The customer should be aware that compliance with the above conditions may not prevent interference to service in some situations. Should the user be concerned by the interference, a representative designated by the supplier, may request the user to provide the following information: the user should be advised that the electrical ground connections of the power utility, telephone lines and internal wiring water pipe system, if present, are connected together. This precaution may be particularly important in rural areas. Caution: Users should not attempt to make such connection themselves, but should consult the appropriate electrician authority or electrician, as appropriate.
