

PLATO'S APOLOGY READING AND QUESTIONS

Directions: Read and then answer the following questions about Plato's *Apology*.

Plato's Apology (reading)

"Plato's Apology is not Plato's at all. It is actually Socrates. Since Socrates was illiterate, Plato wrote everything Socrates said.

Yet another aspect of Socrates' teachings that was named after him is the *elenchus*. The word "elenchus" is a dialogue worked is that Socrates would meet a young man who claims to know something about one of the "big topics" (intelligence, bravery, cleverness, etc.). Socrates would ask a series of questions at first, causing the young man to feel very good about himself. Then Socrates notices a minor problem with the youth's argument, though. Socrates would then "unravel" the youth's theories, leaving the youth confused. Both admit to being ignorant and "hille" (we run away with embarrassment). Many attempt to talk it over with Socrates in order to discover the "right" answer and, the truth. In the end, the youth is disappointed, but the youth now has learned to question the "truth" and the "right" answer. Just take it as a lesson to never take anything for granted.

The sprightly, inauspiciously titled *Apology* by the philosopher's speed-though, is not an "apology" or mea culpa. In *The Apology*, Socrates attempts to defend himself and his conduct—certainly not apologize.

For the most part, Socrates speaks in a straightforward manner. He is honest and direct. He explains that he is wiser than others because he admits that he knows nothing. In order to spread this wisdom, he had to go against the grain in that thought to which the Athenians considered themselves ignorant. The truth of Athens admired him for his activities, but he earned hatred and anger from the people. Socrates referred not to be mentioned by the youth.

Socrates interrogates Melissos, the Parmenides-style resister, for bringing Socrates before the jury. This is the only time he cross-examines, but he does not win. He is reminiscent of the pathetic dialogue that got him in trouble in the first place. His method did not work on his first jury, and Socrates then given the chance to alter and change his ways, he refused to accept defeat, refusing to give a dishonest plea.

The third part about Socrates' death is that one of the greatest philosophers of all times died without ever finding the knowledge he was seeking. To be fair, though, we now know that intelligence, bravery, cleverness, and artistic ability is a gray area and one in which we still don't have definitive answers.
