Heskett, 1976 **Instant** Christopher Bonanos, 2012-09-26 Tells the remarkable tale of Edwin Land's one of a kind invention from Polaroid's first instant camera to hit the market in 1948 to its meteoric rise in popularity and adoption by artists such as Ansel Adams Andy Warhol and Chuck Close to the company's dramatic decline into bankruptcy in the late 90s and its unlikely resurrection in the digital age **TV Guide**, 1966 *The Camera Does the Rest* Peter Buse, 2016-05-27 In a world where nearly everyone has a cellphone camera capable of zapping countless instant photos it can be a challenge to remember just how special and transformative Polaroid photography was in its day And yet there's still something magical for those of us who recall waiting for a Polaroid picture to develop Writing in the context of two Polaroid Corporation bankruptcies not to mention the obsolescence of its film Peter Buse argues that Polaroid was and is distinguished by its process by the fact that as the New York Times put it in 1947 the camera does the rest Polaroid was often dismissed as a toy but Buse takes it seriously showing how it encouraged photographic play as well as new forms of artistic practice Drawing on unprecedented access to the archives of the Polaroid Corporation Buse reveals Polaroid as photography at its most intimate where the photographer photograph and subject sit in close proximity in both time and space making Polaroid not only the perfect party camera but also the tool for frankly salacious pictures taking Along the way Buse tells the story of the Polaroid Corporation and its ultimately doomed hard copy wager against the rising tide of digital imaging technology He explores the continuities and the differences between Polaroid and digital reflecting on what Polaroid can tell us about how we snap photos today Richly illustrated *The Camera Does the Rest* will delight historians art critics analog fanatics photographers and all those who miss the thrill of waiting to see what develops **The Ship of Consolation** Clive Webster, 2012-01-24 In the second part of his childhood recollections the writer recalls the summer of 1965 It was a time of the Vietnam War the Beatles and

their Ticket to Ride and the start of package holidays It was also the time the writer took a holiday cruise with his family His memories revolve around just four photographs all that s left of the family mementoes Was it a golden time for travel Was it a holiday of a lifetime Was it really as exciting as it sounded And could an eleven year old stay out of trouble Amidst the deck quoits excursions and fancy dress competitions he starts to question his own motives is he retracing his steps for pleasure or is it guilt for having disposed of the family archives In an attempt to retrace his steps he boards a modern day luxury cruiser and makes some intriguing discoveries
