First report. pt.II. Appendices to First report. pt.III. Minutes of evidence, with appendices and index to the First report** Great Britain. Royal commission on public records,1912 The ignorant bystander? Dean White,2015-05-01 The ignorant bystander Britain and the Rwandan genocide

uses a case study of Britain's response to the genocide to explore what factors motivate humanitarian intervention in overseas crises. The Rwandan genocide was one of the bloodiest events in the late twentieth century and the international community's response has stimulated a great deal of interest and debate ever since. In this study, Dean White provides the most thorough review of Britain's response to the crisis written to date. The research draws on previously unseen documents and interviews with ministers and senior diplomats and examines issues such as how the decision to intervene was made by the British Government, how media coverage led to a significant misunderstanding of the crisis, and how Britain shaped debate at the UN Security Council. The book concludes by comparing the response to Rwanda to Britain's response to the recent crises in Syria and Libya.

Lethal Allies: British Collusion in Ireland Anne Cadwallader, 2013-10-25, a well-written piece of investigative journalism that asks some deeply troubling questions. NY Journal of Books. Cadwallader has written a brave, powerful, and forensically detailed book about a shameful and denied aspect of our conflict's history. The Irish Times. Anne Cadwallader's remarkable book focusses on collusion in the British security forces, the RUC, the British Army, and the UDR in the mid-Ulster Murder Triangle. Over 120 people were killed by a loyalist gang operating in mid-Ulster, and Cadwallader has created a convincing argument that collusion with certain elements of the security forces was crucial in the committing of these crimes and the lack of proper investigation into many of these crimes. The Dublin Reader. Farmers, shopkeepers, publicans, and businessmen were slaughtered in a bloody decade of bombings and shootings in the counties of Tyrone and Armagh in the 1970s. Four families each lost three relatives; in other cases, children were left orphaned after both parents were murdered. For years, there were claims that loyalists were helped and guided by the RUC and Ulster Defence Regiment members. But until now, there was no proof. Drawing on 15 years of research and using forensic and ballistic information never before published, this book includes official documents showing that the highest in the land knew of the collusion and names those whose fingers were on the trigger and who detonated the bombs. It draws on previously unpublished reports written by the PSNI's own Historical Enquiries Team. It also includes heartbreaking interviews with the bereaved families whose lives were shattered by this cold and calculated campaign.
