Morality and the Environmental Crisis Roger S.

Gottlieb,2019-02-21 The environmental crisis creates an unprecedented moral predicament how to be a good person when our collective and individual actions contribute to immeasurable devastation and suffering Drawing on an extraordinary range of sources from philosophy political theory global religion ecology and contemporary spirituality Roger S Gottlieb explores the ethical ambiguities challenges and opportunities we face Engagingly written intellectually rigorous and forcefully argued this volume investigates the moral value of nature the possibility of an ecological democracy how we treat animals the demands and limits of individual responsibility and collective political change contemporary ambiguities of rationality and how to face environmental despair In *Morality and the Environmental Crisis* Gottlieb combines compassion for the difficulties of contemporary moral life with an unflinching ethical commitment to awareness and action

Ecological Emotions Ondřej Beran,2025-09-30

In this book Ondřej Beran explores the various emotions that arise in response to the perceived and observed climate crisis He provides a focused philosophical overview of ecological emotions mostly negative ones such as grief and reflects on some of their characteristics He also addresses the nature of their interconnection and their status as potentially lucid and justified recognitions of a compromised value In general Beran's interest is in thinking of these emotions as peculiar forms of understanding and in exploring what these forms of understanding show us about living in a world that we see as seriously damaged or under serious risk He argues that these forms of understanding are cultivated and expressed in various ways and can take very diverse even idiosyncratic shapes Ultimately he highlights the important role played by the reflective distance in many of our emotional responses to the climate crisis as they also incorporate and shape how we understand our individual lives Special attention is paid here to light heartedly pessimistic takes on one life in relation to the climate crisis and to a critical reflection of the problematic aspects of this reflection especially its enabling conditions which would represent natural openings for further discussions whether post colonial Marxist feminist or general political critiques The book is methodologically seated primarily in the tradition of post Wittgensteinian philosophy ethics building upon previous theoretical work on examples in philosophy But it relies on other resources as well cognitivist approaches to emotion Solomon Nussbaum Rorty existential phenomenology Ratcliffe or Adornoian dialectics

Climate Crisis, Psychoanalysis, and Radical Ethics Donna M. Orange,2016-09-13

Psychoanalysis engages with the difficult subjects in life but it has been slow to address climate change *Climate Crisis Psychoanalysis and Radical Ethics* draws on the latest scientific evidence to set out the likely effects of climate change on politics economics and society more generally including impacts on psychoanalysts Despite a tendency to avoid the warnings times of crisis summon clinicians to emerge

from comfortable consulting rooms Daily engaged with human suffering they now face the inextricably bound together crises of global warming and massive social injustices After considering historical and emotional causes of climate unconsciousness and of compulsive consumerism this book argues that only a radical ethics of responsibility to be my other s keeper will truly wake us up to climate change and bring psychoanalysts to actively take on responsibilities such as demanding change from governments living more simply flying less and caring for the earth and its inhabitants everywhere Linking climate justice to radical ethics by way of psychoanalysis Donna Orange explores many relevant aspects of psychoanalytic expertise referring to work on trauma mourning and the transformation of trouble into purpose Orange makes practical suggestions for action in the psychoanalytic and psychotherapeutic communities reducing air travel consolidating organizations and conferences better use of internet communication and education This book includes both philosophical considerations of egoism close to psychoanalytic narcissism as problematic together with work on shame and envy as motivating compulsive and conspicuous consumption The interweaving of climate emergency and massive social injustice presents psychoanalysts and organized psychoanalysis with a radical ethical demand and an extraordinary opportunity for leadership Climate Crisis Psychoanalysis and Radical Ethics will provide accessible and thought provoking reading for psychoanalysts and psychotherapists as well as philosophers environmental studies scholars and students studying across these fields Liberating Faith Roger S.

Gottlieb,2003 Table of contents **The Disability Pendulum** Ruth Colker,2007-03 In The Disability Pendulum Ruth Colker presents the first legislative history of the enactment of the ADA in Congress and analyzes the first decade of judicial decisions under the act She assesses the success and failure of the first ten years of litigation under the ADA focusing on its three major titles employment public entities and public accommodations The book argues that despite an initial atmosphere of bipartisan support with the expectation that the ADA would make a significant difference in the lives of individuals with disabilities judicial decisions have not been consistent with Congress intentions The courts have operated like a pendulum at times swinging to a pro disabled plaintiff and then back again to a pro defendant stance Colker offers insightful and practical suggestions on where to amend the act to make it more effective in defending disability rights and also explains judicial hostility toward enforcing the act *Social Theory and Practice* ,2004
