curtailment having been brought up in a traditional Marathi household with a vegetarian diet I have a profound love for that food But I had to halt down on my favorite dishes in numerous instances as they did not fit in my son s diet restrictions There are quite some blogs channels books that I follow which cite Vegan cooking But somehow they just fail to connect There is a whole different universe between cooking vegan options by utilizing substitutes and cooking for a child with food allergies Many times the vegan substitutes just don t comply For example we cannot use vegan egg nog as a substitute for eggs as they also are derived from nuts cashew nuts There were are too many restrictions imposed which we fail to understand fully in the concept of Veganism Cooking is certainly a combination of art and science Indian food is a synthesis amalgamation of science and art that formulates the food incredibly delicious and flavorful This book is your source of quick simple everyday recipes to exotic desserts With traditional Indian recipes passed down from generation to generation tweaked and self tested by a mother to satisfy her son s severe food allergies
