Broke Katherine Porter, 2012-01-11

About 15 million households filed bankruptcy in the last year making bankruptcy as common as college graduation and divorce The recession has pushed more and more families into financial collapse with unemployment declines in retirement wealth and falling house values destabilizing the American middle class Broke explores the consequences of this unprecedented growth in consumer debt and shows how excessive borrowing undermines the prosperity of middle class America While the recession that began in mid 2007 has widened the scope of the financial pain caused by overindebtedness the problem predated that large scale economic meltdown And by all indicators consumer debt will be a defining feature of middle class families for years to come The staples of middle class life going to college buying a house starting a small business carry with them more financial risk than ever before requiring more borrowing and new riskier forms of borrowing

This book reveals the people behind the statistics looking closely at how people get to the point of serious financial distress the hardships of dealing with overwhelming debt and the difficulty of righting one's financial life In telling the stories of financial failures this book exposes an all too real part of middle class life that is often lost in the success stories that dominate the American economic narrative Authored by experts in several disciplines including economics law political science psychology and sociology Broke presents analyses from an original proprietary data set of unprecedented scope and detail the 2007 Consumer Bankruptcy Project Topics include class status home ownership educational attainment impacts of self employment gender differences economic security and the emotional costs of bankruptcy The book makes judicious use of illustrations to present key findings and concludes with a discussion of the implications of the data for contemporary policy debates *Senate documents* ,1895 *House documents* ,1895 Sourcebook of Criminal Justice Statistics (1994) DIANE Publishing Company, This annual Sourcebook brings together data of interest to the criminal justice community A compilation of information from a variety of sources The book has six sections 1 Characteristics of the Criminal Justice System 2 Public Attitude Toward Crime Criminal Justice related Topics 3 Nature Distribution of Known Offenses 4 Characteristics Distribution of Persons Arrested 5 Judicial Processing of Defendants 6 Persons Under Correctional Supervision Over 400 charts Tables *The Code of Alabama* Alabama,1877 *Congressional Record* United States.
