

Graduation Speech

As I began thinking about what I should say to you, I discovered that I could go on for hours talking about your years at (*name of school*) High School . . . about the experiences you've had which prepared you for this day and for the future. I began making notes about all the advice I should share with you and about all of the many topics I wanted to cover.

Then a friend reminded me about the fate of the famous Greek philosopher, Socrates, who lived a long, long time ago.

Socrates was very intelligent. But Socrates gave long speeches, and his friends killed him.

Since I am no Socrates . . . nor do I want to end up like Socrates . . . I will be brief and to the point.

Tonight (*number of graduates*) seniors are graduating from (*name of school*) High School. The room is packed with your friends and relatives, and every person here is proud of you . . . of your accomplishments . . . and of the goals that you have reached. If each of us were to write down a definition of a successful graduate, we would quickly discover that some of the same words and phrases would be repeated over and over again. Common themes would be – dedication, perseverance, integrity, honesty, conscientiousness, dependability and hard work.

From all of the terms used to describe graduates, the one I think should receive top billing is "winner". Each and every one of you is a winner! You have demonstrated through hard work, dependability, conscientiousness,

attitudes for political gain Challenging what we think we know about race and politics LaFleur Stephens Dougan argues that candidates across the racial and political spectrum engage in racial distancing or using negative racial appeals to communicate to racially moderate and conservative whites the overwhelming majority of whites that they will not disrupt the racial status quo *Race to the Bottom* closely examines empirical data on racialized partisan stereotypes to show that engaging in racial distancing through political platforms that do not address the needs of nonwhite communities and charged rhetoric that targets African Americans immigrants and others can be politically advantageous Racialized communication persists as a well worn campaign strategy because it has real electoral value for both white and black politicians seeking to broaden their coalitions Stephens Dougan reveals that claims of racial progress have been overstated as our politicians are incentivized to employ racial prejudices at the expense of the most marginalized in our society *Personality* David G. Winter,1996 In this introduction to the psychology of personality author David Winter gives a comprehensive account of the main lines of personality theory and research Unlike most texts in the area of personality whose research is limited to the last fifty years Winter takes a much broader approach Believing that the study of personality should go beyond a review of recent American psychology research this book sets the study of personality in a much broader context The book does not limit itself to traditional personality research literature The approach is multi disciplinary with citations from Shakespeare as well as brief excursions into history sociology anthropology political science and philosophy Moderator-topics ,1921 Normal Instructor and Teachers World ,1924 **Migizi Express** ,1994 Afro-American Writers, 1940-1955 Trudier Harris,1988 Essays on black American writers both major and minor are presented including poets dramatists and playwrights Many of these prominent black writers whose works are taught and written about today came to the forefront of the American literary scene during this period The essays in this volume try to capture the nuances of the lives and literature of that period *Resources in Women's Educational Equity* ,1979 Literature cited in AGRICOLA Dissertations abstracts international ERIC ABI INFORM MEDLARS NTIS Psychological abstracts and Sociological abstracts Selection focuses on education legal aspects career aspects sex differences lifestyle and health Common format bibliographical information descriptors and abstracts and ERIC subject terms used throughout Contains order information Subject author indexes
